Council Told Senior
Privileged Parking OK'd

Joe Santanello, President of the Council, informed the student body that the request for privileged parking by the Student Council was approved by the Administration. The agreement for the privileged parking will be in effect for the students who meet the requirements. The parking will be located in the main parking lot. Parents of students have already purchased parking permits, and the number of permits is sufficient for the parking space. The permit will cost $40.40, a 10% discount.

DISCUSS BOXES MADE AVAILABLE

The Student Organization has made arrangements to have several performances at the Metropolitan Opera. The council decided to allocate eight permits to the student body for each performance. The council is arranging to have eight permits to be sold for $40.40, a 10% discount.

Mitchell Slated For NSC Visit

James P. Mitchell, Republican Candidate for Governor of New Jersey, will speak in the Main Lounge of the Student Center on Monday, October 30, at the New Jersey State Convention of the National Association of College Democrats.

Sophomores Added To Dean's List

At a recent meeting of the Council, the eligibility requirements for membership in the National Honor Society were reconsidered, and it was decided that sophomores would be eligible for membership if they were on the Dean's List. The following are the new members of the National Honor Society:

Letters

TODAY'S STANDING

Last week, I drove some students through the campus and could see the Distintal Dancers who appeared in the Little Theater without seats left when the play arrived. This annoyed me, but then I decided it was my own fault for not making a reservation. I was too lazy to secure a seat. Then I discussed the situation with people of the audience consisted of people who do not even attend this college. The Little Theater is too small for it, as I feel. It is the responsibility of the College Center Board to provide transportation entering, raising the cultural level of NSC. This week, it is the Performing Arts Center, VSU. I think these efforts should not be defeated by "outsiders". Next week, a new letter will do, but I sincerely hope we will see students of the next presentation.

Robert Lido

Veterans Train This Fall

Some 130,000 veterans are expected to be in training this fall under a special act for the Veterans Administration preparation. This was more than six years following the close of World War II. The Veterans Administration prepared.

This is more than half of the 250,000 enrolled last fall. At the beginning of the fall term, a training program, November, the Department of Defense, will take over World War II veterans in training.

An additional 6,500 disabled Korean veterans, a drop of some 500, are expected to be training under a special act for the Korean in their educational preparation. This program was in December, the start of which is World War II veterans in training.

The fall term is a larger and newer educational assistance program for orphans of deceased servicemen and veterans, whose deaths were attributed to active military service, in gaining membership. The use of a four-year college, is predicted that about 15,000 orphans would be enrolled this fall, compared to 12,000 last fall, the most employed in the training this fall will be in the hands of the 230 state universities, and another one-third in the hands of the 230 non-state colleges. The rest will be taken on the job or institutional training.

More than 10 million World War II veterans, half of whom have received education or training under the GI Bill, are classified to 700,000 seriously disabled veterans have received vocational rehabilitation. The Regional Office in Newark has 300 veterans of World War II and Korea. It is the responsibility of Veterans Administration, besides that, to train veterans 18 years with a peak load attending institutions of higher learning, such as the University of Wisconsin during the fall of 1947.

Sophomore Missing

The Music Department has recently acquired three new research microphones. Listening hour arrangements are planned for the students and faculty. It will provide all interested members of the college an opportunity to hear live symphonic and concert programs. The hours and pieces will be printed in the INDEPENDENT.

Susan Knight

For Governor

Supporting Teachers

The press release concerning the editor of the UNM newspaper said that he had been arrested for walking on the campus. One wonders if the student was pointing out the prejudice that exists in America—the so-called "all American" who is always as much right as the other student can get together? One wonders if it was because of dissatisfaction of the peace or the stupidity that exists in the American mind. There was no evidence of such a disturbance, therefore one must assume the latter.

It's all right to express this party as a sort of freedom ride. If this same event occurred off the campus of Newark State, the students would be expected to be far harder if hurts. Who has the right to determine whom a person may or may not associate, especially if it is a private society. The American populous laments for peace and freedom and then turns upon its fellow man in a hypocritical manner. We will never achieve the true meaning of a free society unless we continue to preserve the right to think different.

A lot of us at Newark are most unfortunate to live in an environment that does not infringe on our rights. Many students in his area have been participating in a nationwide movement to question the right to association or to public practices. Their prime purpose is to protest, by non-violent action, with the realization that one cannot form another association and push tradition. If citizens would devote more time to self education, bigotry would not exist.

The average person is afraid of change. This is probably why the students at the University of New Mexico were frowned upon. Their actions were private and informal, yet another form of class struggle. Have we reached the point where we doubt the dignity of the individual? The successes of this meeting could be attributed to good leadership. The American populous laments for peace and freedom and then turns upon its fellow man in a hypocritical manner. We will never achieve the true meaning of a free society unless we continue to preserve the right to think different.

The average person is afraid of change. This is probably why the students at the University of New Mexico were frowned upon. Their actions were private and informal, yet another form of class struggle.

Few of us take advantage of the opportunities that are offered to us. Not only do we neglect literature, that is say other than the required reading of college, but we fail to understand good music and the arts. Student Council has made arrangements for the purchase of boxes of tickets to concerts and plays. It is the responsibility of the student body. This is quite a step in the right direction.

The American populous laments for peace and freedom and then turns upon its fellow man in a hypocritical manner. We will never achieve the true meaning of a free society unless we continue to preserve the right to think different. The average person is afraid of change. This is probably why the students at the University of New Mexico were frowned upon. Their actions were private and informal, yet another form of class struggle. Have we reached the point where we doubt the dignity of the individual? The successes of this meeting could be attributed to good leadership.
Preparation for Messiah Underway

The fourth annual performance of Messiah, an oratorio by George Frideric Handel, in which the circle of Mr. J. E. Platt, chairman of the New York State College of Education, is expected to be announced later in the fall, will take place on December 5, Mr. Platt, chairman of the Board of Regents, has announced. It is expected that the high School-loving organization will make its first appearance at a joint meeting of the Board of Trustees, the Board of Education, and the Board of Regents, at 8:45 A.M., on December 21. The concert will be given at 8:00 P.M., at the Metropolitan Opera House, and is expected to be attended by a large audience.

The New York State College of Education, with which the Handel Society is affiliated, has announced that the high School-loving organization will make its first appearance at a joint meeting of the Board of Regents, the Board of Education, and the Board of Trustees, at 8:45 A.M., on December 21. The concert will be given at 8:00 P.M., at the Metropolitan Opera House, and is expected to be attended by a large audience.

NSC Prof. Exhibits Work

Work by two New York State College professors is currently on exhibition at the Metropolitan Museum of Art, New York City. The exhibit is being held in the East Gallery of the College Center.

The exhibit includes paintings by Martin Burgar and sculpture by Mrs. M. L. C. Burgar. Both professors have been members of the faculty of the College for over ten years. The exhibit is being held in the East Gallery of the College Center.

Newark State Face-lifters Begin Planning

A landscaping project has been announced by the Newark State College Board of Trustees. The project is expected to cost $25,000 and to be completed by the end of the current school year. The project is expected to cost $25,000 and to be completed by the end of the current school year.

The project is expected to cost $25,000 and to be completed by the end of the current school year.

NASC Programming

The Circle Players of Newark State College are planning a series of programs, formerly known as the "Merck Lecture Series," for the fall semester. The programs will be presented at various locations throughout the state and will be free to the public. The programs will be presented at various locations throughout the state and will be free to the public.

The programs are expected to be presented at various locations throughout the state and will be free to the public.

Art exhibits, by leading artists, have been announced along with Chamber Music Concerts and Jazz Festival. This semester, the "Weeds Among the Rocks," by Robert Johnston of Newark State College, will be presented to members of the public.

Prior to this season, exhibitions were limited to four plays but the Players will present five major productions this year, excluding the three act play for children. "Circus" and "The Great Gatsby" written by George Sebres, "Wheels of Time," will be held October 15, at 8:00 P.M., at the Playhouse Theatre. "A Focus of Hope" was presented at the Redfield Theatre on December 12.

Students interested in doing something for the school are urged to become members of the Drama Group. Many people have ideas concerning the direction the group should take and to bring their ideas to the meeting will be held at 8:30 P.M. on December 6, in the Faculty Dining Room.

Any student interested in working with the Drama Group may report to Professor William McNelis or to the Drama Director, who will inform the student of the procedure to be followed in the selection of the group for the play.

The NJSC Chapter of Pi Delta Phi fraternity is currently working to fill its quota of new members. Any student interested in becoming a member of the fraternity may contact any member of the group for information. The chapter is working to fill its quota of new members. Any student interested in becoming a member of the fraternity may contact any member of the group for information.

The New Jersey State Club of Pi Delta Phi fraternity is working to fill its quota of new members. Any student interested in becoming a member of the fraternity may contact any member of the group for information.

INDEPENDENT, October 24, 1961

Paper to women. To accomplish admission failure. Although we can no longer permit any women to write to the paper, we will give women the opportunity to have their work published in the paper. This is due to the fact that we have already been threatened with action by the Judiciary Board. Our intentions are and have been to give women the opportunity to rise to editorial positions, but the Women's Student Association remains a moot point in the Federal Service. Among Newark students are in- cluded the paper, THE DAILY PENNSYLVANIAN and THE DAILY PENNSYLVANIAN. Until then, only men women might not be given full opportunity to rise to editorship positions.

After a series of attempts to have the September 17, 1961 edition of the PENSYLVANIAN, which was specifically designed to lead toward complete integration of the DAILY PENNSYLVANIAN, remains a moot point due to the fact that women's work on the paper might not be given full opportunity to rise to editorship positions.

The men's Undergraduate Council approved the proposal for the September 17, 1961 edition of the paper. In addition, the Women's Student Government (W.S.G.) approved the proposal. The objections were based primarily on fears that the Women's Student Government would not contribute to support of the paper. The president of The DAILY PENNSYLVANIAN, remains a moot point due to the fact that women's work on the paper might not be given full opportunity to rise to editorship positions.

The DAILY PENNSYLVANIAN, which was specifically designed to lead toward complete integration of the paper, is to be published on Thursday. Dr. David Davidson was invited to attend the program. Dr. Davidson is a member of the editorial board of the paper. Hemlock and All That
by Mary Dorner

When Socrates was a little boy, he was definitely a 4.0 student. This is because he was an even-temperamented boy, with his parents but did nothing to help his peer group relationship. Socrates himself realized that there was only one predictor of being an unpopular person. So he took himself to the local branch of Greece Teachers College to prepare for what he believed would be a career as a Sophocles (that's Greek for Teacher).

In addition to the aforementioned Socrates, there were also some other students who had graduated Magna Cum Laude and were of the highest academic levels. However, the young Sophocles (he chose his college due to his philandering) ran into difficulties almost immediately, and got lost on the way to Athens and had to ask every person he passed if he were headed in the right direction—this method of questioning ten people came to be known as Socrates. In his day, Socrates was known for his ability to find the young men of that ancient and noble city with some new-fangled ideas about the gods. The elders took issue with the new ideas and philosophies and had him brought up on charges of corrupting the youth of Athens. Socrates offered the excuse that he could not possibly have corrupted the young men because he was not corrupt—only reputedly beyond belief.

The SRO sign was out at Newark Studios on Friday evening of October 13, Dr. Hugh C. Brooks, ABC faculty member and assistant to Dr. Daniel Adams from the Special Studies Department at St. John's University, was waiting for the first show to be played. He was the College Center Board, present.

My great God, I come to you with a broken heart. Don’t turn my way bare... See you to-morrow” (4)

History majors must study the present and future. Their lives are filled with conflict, heartache, and many other complicated considerations, and not a little psychiatric care.

(H.C.) - Danny Kaye thinks plastic surgery, as well as being an easy job, can be taught on every college and university in the country, as everyone is his turn at beating TV’s”, he says. “At least for a while.”

GIVE ME DISASTER LARGE AS THE TEENAGE
Give me frustration as much as I BID.

But good pictures are still being made. Hollywood has even survived the publicity generally aimed at the Harvard Lampoon's "worst movie selections." A qualified critic, Danny Kaye is also known to be a serious-minded citizen who is not at all facetious in the suggestion that TV criticism be taught at high academic levels.

Socrates was right—life is the only pressure being applied to the history major. At times their desire to lose themselves in dissolution becomes so great that they feel they have no control. G. E., L. A., a., and even English majors fly away from the bar and towards

Weekly Schedule

On the basketball court, the Tuesday meeting of the basketball players has been announced. The turnout has been good and everything is proceeding smoothly.

FENCING AND TENNIS (See lead story)

MODERN DANCE, The Modern Dance Club, which has increased participation among dancers, held an Executive Board meeting last week when they were beaten by the Delaware State University, 5-4, and Glassboro State College, 5-0.

Miss Smith pointed out that all participants in intramural sports must have a health examination. She also reminded the group that all accidents occurring during activities must be reported.

The resignation of Gertrude Schwartz from the post of Assistant Secretary of W.R.A., was read and accepted. A discussion followed concerning voting procedures in filling vacancies and the accumulation of points for Play Days.

After deciding that those seniors interested in W.R.A., be notified by a mailing list after graduation to keep them informed of activities, the meeting was brought to a close.

The Squires again played an outstanding game. First half there was 2-0 in intercollegiate combat. Co-captain Bob Zollikofner maintained a slight margin through the third quarter and was lost to the Squires until the closing minutes of the game.

In the second half, the Squires sustained a 2-0 advantage in the hard fought fourth quarter. The Squires were outstanding.

The Squires' first half was scored late in the second quarter by Adams, and Buontempo. Sigma Theta Chi hosted Mike Hohman, Bill Wallace and Frank Alves.

The following comments on the New York Giants football team are offered by Al Griffin: Showing their usual potent defense and a surprisingly powerful running game, the New York Giants, tied with Philadelph ia, took the lead in the East ern Conference of the N.F.L., rolled over a Highly determined Dallas Cowboy team 31-10. Erich Barnes, in a powerful defensive back, showed the huge crowd in the Cotton Bowl with the record-tieing 102 yard run back of an intercepted pass. He was a powerful, elusive runner for New York, living up to the high expectations that had been laid for him. Alex Webster, Y.A. Tittle, and Kyle Rote also turned in their usual fine games. All due credit goes to the Giant offensive line, especially for Rosey Brown in opening the big holes for the running backs. . . .

The Squires are home against the Pittsburgh Steelers on October 29. Dittoes: Watch Gaters very agilely reverse his fields while running with greatness for his star... Follow Sam Huff (70), he's always there on the middle of the field. Steve Weatherford is a powerful running back, short on the tape, huge crows in the Cotton Bowl with the record-tieing 102 yard run back of an intercepted pass. He was a powerful, elusive runner for New York, living up to the high expectations that had been laid for him. Alex Webster, Y.A. Tittle, and Kyle Rote also turned in their usual fine games. All due credit goes to the Giant offensive line, especially for Rosey Brown in opening the big holes for the running backs. . . .

He was a powerful, elusive runner for New York, living up to the high expectations that had been laid for him. Alex Webster, Y.A. Tittle, and Kyle Rote also turned in their usual fine games. All due credit goes to the Giant offensive line, especially for Rosey Brown in opening the big holes for the running backs. . . .

The Squires are home against the Pittsburgh Steelers on October 29. Dittoes: Watch Gaters very agilely reverse his fields while running with greatness for his star... Follow Sam Huff (70), he's always there on the middle of the field. Steve Weatherford is a powerful running back, short on the tape, huge crows in the Cotton Bowl with the record-tieing 102 yard run back of an intercepted pass. He was a powerful, elusive runner for New York, living up to the high expectations that had been laid for him. Alex Webster, Y.A. Tittle, and Kyle Rote also turned in their usual fine games.
