[REDACTED]

Dear Dr. [REDACTED]

In view of your special interest in funds for the Cooperative State Research Service of the [REDACTED], I am delighted to report that yesterday the House voted to restore appropriations which the Administration had previously cut from the budget for fiscal 1967. This restoration of funds included both payments to State agricultural experiment stations under the Hatch Act and grants for facilities at experiment stations.

I was pleased to be able to support restoration of these funds and to vote for this legislation so that the valuable work being accomplished at the Agricultural Experiment Station at Rutgers will be continued.

Very sincerely,

FLORENCE P. DWYER
Member of Congress
