Vol. XVII No. 5
NEW JERSEY STATE TEACHERS COLLEGE, NEWARK, N. J.
November 30, 1951

"Grandma is A Freshman"

The adage, "You're never too old to learn" has recently been exemplified by Mrs. Lillian Greenberg, a member of the class of '55. Mrs. Greenberg who has two daughters and four grandchildren, was graduated in June from Central Evening High School in Newark. At commencement, she was awarded the Bamberger medal for scholarship and leadership which she attached to a bracelet and wears so proudly.

Mrs. Greenberg has always been interested in the field of education and now that her children are married she has time to fulfill her desire to become a teacher.

Her main hobbies are visiting her grandchildren and reading. Says Mrs. Greenberg, "I'd rather feed my mind than my stomach."

Says Mr. Greenberg, "I'd rather feed my mind than my stomach."

Says Mrs. Greenberg, "I'd rather feed my mind than my stomach."

Mrs. Greenberg's example may serve as an inspiration to those who will enter the teaching profession in the future.

Norms Stars Juliana Bench In "Personal Appearance"

The three-act play, Personal Appearance will be presented by Norms Theatre Guild on Friday and Saturday evenings, December 7 and 8. Written by Lawrence Riley, the play centers around a famous woman movie star who is at present making personal appearances for publicity purposes.

A clue to her character is given in the first scene which is a motion film of one of her pictures. That the lady is very susceptible to male charm will be readily seen. Juliana Bence, in the movie, plays the part of Carole Arden, the leading character, and Maynard Sandel is Gilbert, the male lead.

She is so susceptible to the masculine sex that a manager travels with her to control her flirting. She simply must flirt with every young, good-looking young man she meets and so a large number of Newark Staters can easily imagine the amusing complications that develop when the movie star stops at a combination tourist house and gasoline filling station attended by a couple of good-looking youths. She exudes her charm on one simple soul in particular with the result that she—well, you'll see what happens for yourself.

Included in the cast are Golda O'Doherty as Gladys Kaylor, and Marilyn Zvillman, State's version of Aunt Kate Barnaby. Juliana Bence has the lead and is supported by Henry Geish as Chester (Bud) Norton and John Malmaquist as Clyde Petlon. Myrna Zilmetbaum will portray Mrs. Struthers and Ben Passacantando, Joyce Struthers. Bert Davis as Gene Tuttle and Joseph Pellcano as Johnson round out the cast.

The details of production are being handled by June Seufert while Larry Buchner is applying his dexterity to lighting effects and sets. The resident director assisting Mrs. Barrows is Florence Kafah.

The Visual Experimentation Club in collaboration with Norms produced the film which serves as the first scene. Both organizations are waiting for the reactions of the audience to the film, a novelty in State plays.

Tickets are a dollar apiece, inclusion of tax and may be obtained from Norms Guild members or from Mrs. Barrows.

Schools should shape men capable of critical thought and trained in social attitudes. That is all that is necessary to defend democracy.

—ALBERT EINSTEIN

Singer, Shue, Speak On Job Prospects

"There will be a great need for elementary school teachers for the next ten years. Three jobs are available for every two applicants." That is the way, Mr. Austin Singer, superintendent of schools, Rahway, N. J., and Mr. Harvey Shue, superintendent of schools, Livingston, N. J., analyzed job prospects for 1962. Both men were guest speakers at the General Elementary Men's Guild meeting held in the college cafeteria, Nov. 14.

Men who are preparing to go into the profession should set a goal and strive to attain it. The place of the male teacher is especially important in the lives of children who lack an adequate father figure. These children need male teachers who are especially qualified and interested in basic inter-personal relations.

Salary schedules, opportunity for advancement, sports in the school curriculum, world developments and other subjects of importance to a prospective teacher were discussed at great length.

Mr. George H. McMeen, assistant professor of mathematics, and his son showed colored slides illustrating their trip to the west coast.

Mr. Evan Richardson, Mr. Willard Zweindenger and Mr. John Gerrish, Newark State faculty members, were present at the meeting.

Mexico Offers Fellowships

Nineteen fellowships for study in Mexico during the academic year beginning February 1962 are now open to U. S. graduate and undergraduate students. Applications for these grants should be made immediately to the Institute of International Education, 2 West 46th Street, New York.

The grants, which cover tuition plus a monthly living allowance, are offered by the Mexican Government through the Mexican-United States Commission on Cultural Cooperation.

This is It Men

Selective Service tests for male freshmen will be given by Mr. McMeen on December 13, 1951 and April 24, 1952.

Newark State is one of the more than 100 centers in the U. S. and its territories, where this test will be given.

It is estimated that about 46 from this college will participate and that the majority will be present freshmen.

Frino Visits College

Ernie Frino, brilliant cage for our 1956-'57 team, attended State's practice session November 13. He had a three day pass. Frino is a member of the Fort Belvoir, Virginia, 9th Training Company starting five. He is at his favorite forward position and has helped his team win two games in a row.

Ernie finished his engineering training this week and has been accepted for "Leadership School." The course will last eight weeks.
Letters to The Editor

November 29, 1951

Dear Editor,

This is to thank you for your letter which I received and for the copy of the REFLECTOR which you generously promise to continue for the rest of the semester. Those who attended the assembly on the day of our reception there seemed genuinely interested. To those who did not attend, your article, “Why Aren’t You Interested?” will make a strong appeal. For your own kindly interest I continue to be most grateful.

Sincerely yours,

Leslie Pinckney Hill

To the Students, Faculty and Staff

On behalf of the Steering Committee for the Teachers College Bond Issue, I wish to thank every single person who worked toward gaining the overwhelming success which the bond issue received. From time to time, additional contributions of work and ideas, effort and come to our attention. Please take this note as thanks for all the things about which we know and for other many unknown activities which have not been officially recognized.

Sincerely yours,

Eugene W. Wilkins

Class of ’55 Have Party

The class of ’55 party planned by freshman section leaders and John Hansen, the temporary president of the class of ’55, was held on Friday, November 16, 1951, from 2:45 until 4:30. Games, dance, refreshments, and work toward gaining the overwhelming success which the bond issue received. From time to time, additional contributions of work and ideas, effort and come to our attention. Please take this note as thanks for all the things about which we know and for other many unknown activities which have not been officially recognized.

Sincerely yours,

Eugene W. Wilkins

Brother & Sister

by Cathy Donatiello, ’52

The first meeting of the Interfraternity and Sorority Council was held on October 27.

Elections took place at this gathering. Results were: Harry W. Cosgrove, president; Janet Deizner, vice-president; Mary Goovelitz, secretary, and Maxine Roeseke, treasurer.

Plans were discussed for the Christmas formal which will be held at the Hotel Treat. No definite date has been set for this occasion as yet.

It’s all over! The sorors of Sigma Phi Kappa held their banquet and "hell night" for the seven new members Tuesday, November 13, at the Hotel East Orange. As a climax to the affair the new members received a corsage of red roses.

Plans for a Christmas party are in the making.

The opening meeting of the Epiphon Pi Tau Fraternity was held in the cafeteria.

A movie, “Skilled Hand”, describing the Industrial Arts in the Chicago school system was shown.

On behalf of the Steering Committee for the Teachers College Bond Issue, I wish to thank every single person who worked toward gaining the overwhelming success which the bond issue received. From time to time, additional contributions of work and ideas, effort and come to our attention. Please take this note as thanks for all the things about which we know and for other many unknown activities which have not been officially recognized.

Sincerely yours,

Eugene W. Wilkins

Soc. Sci. Group Plan Conference

College students are invited to attend the forty-eighth meeting of the Middle States Council for the Social Studies at the Essex House, Newark on December 7 and 8. Panel meetings will center around the theme, "Social Scientists at Work: Recent Studies of Men and Society." The New Jersey Council for Social Studies is cooperating in this meeting.

The teaching of United States history in the elementary, secondary, and college levels will be discussed on Friday. Although the panel on U. S. history in the elementary school will be particularly noteworthy to Newark state students, they will also be interested to learn that Mr. James E. Downes, the head of the Social Science Department here, will participate in the group discussion on human relations in professions. On Thursday, M. Brewster Smith, affiliated with Vassar College, will speak on "Recent Studies in Social Psychology." Ethel Alpenfels from the School of Education at New York University has chosen "Recent Studies in Anthropology" as her topic. She has addressed our college on two occasions and is considered an excellent speaker.

After the address, members will attend panel discussions on human relations in the elementary and secondary schools and college.

Stuart Chase, noted social scientist, author, and lecturer, will be the principal speaker at the luncheon on Saturday which will culminate the activities of the fall meeting. Mr. Chase's subject will be, "Roads to Agreement."

At the spring meeting special attention will be given to developments in geography, economics, and political science, thus rounding out the general theme. Announcement of the dates and place of this meeting will be available at a later date.

**Men in the Service**

Walter Barrett  
S R 9118025  
U S N C  
1st Reg. 13th Bat., Co. 339  
Baltimore, Maryland  

Walt is Education Petty Officer of his Company and the duties of this job take the major portion of his free time. There are about 16 classes a week and a weekly test. It is Walt's job to organize the review on each of these classes and see that the boys know the subject before taking their test. Naturally, this also involves "pushing the slow ones"—a job that keeps Walt busy, to say the least.

Frank Lania  
U S 51009190  
Medical Company  
136th Infantry Reg. 47th Div.  
Camp Rucker, Alabama  

Frank is now taking a course in Administration at Fort Jackson, South Carolina and expects to rejoin his company in the very near future, at which time he will keep the records, orders and correspondence of his combat medics.

**Socialites**

Evelyn Scott, Sr. I, was married to Mr. James Thompson on November 16. Mr. Thompson is an employee of the U.S. Rubber Company of Passaic, N. J. The couple plan to reside in Clifton.

Mary Govelitz, Sr. II, became Mrs. Steven Vozar on November 17. Miss Govelitz is a member of Nu Theta Chi Sorority.

Gloria Swanson, Sr. II, was married to Mr. William Atiken on November 21. Mr. Atiken, an alumnus of Newark State, is an art teacher in Roselle.

---

**Charlotte R. Lockwood**

Miss Lockwood, the Sophomore class adviser, has had a widely diversified art background. She has studied at William and Mary College in Virginia, a year in England, and a year here at Newark. Miss Lockwood also received her Master's degree at the Columbia Teachers College. During the summer of 1947 she studied at the University of Oslo in Norway and the summer of 1950 at the University of London.

Her visit to Norway and studies at the University of Oslo were particularly interesting and enjoyable. She, being among the first group of American students to go abroad, was treated very graciously by all the people she met there. During her stay in Oslo she attended a party given by the foreign consulates, and there met the Crown Prince and Princess of Norway.

Miss Lockwood taught at Rumson, Ridgewood, and now is an instructor with the Fine Arts Department here at Newark. Her philosophy concerning art education is that of correlating what is discussed in class by finding and noting applications in other allied fields.

---

**The Palette**

By Rae D'AllLEGRO, '52

After its long absence the Palette is happy to be back to show its colors.

At the Teachers Convention in Atlantic City, Newark State's Art Department showed its usual prowess in an outstanding art display. Both the alumni booth and the craft room drew the favorable comments of teachers from all over the state. The craft room contained an excellent organized exhibit of projects that could be done with scrap materials and the methods of introducing craft work in the classroom.

Hallricks, on Market Street near Main, in Paterson has adopted a new display plan. It seems to suit young talent in the Metropolitan area.

Three of our students have already exhibited there.

Juliana Bence, '52, and Golda O'Such, '52 were the first to exhibit their paintings there. One of Golda's paintings was an experiment with palette knife painting using light reflection as part of the design. Right now, Jimmy Hawthorne, '53 of Fine Arts, has six of his paintings on display at Hallricks. One of these is a self-portrait and two were formerly exhibited at this college's Spring Art Conference. Jimmy has also had paintings on display at the Morris County Fair.

We found these exhibits to be quite interesting. Next time you're in Paterson why not stop in at Hallricks and see for yourself.

---

**Bowling Echoes**

The N.S.T.C. mixed intramural league got under way on November 6th with about 400 players appearing. First week's play resulted with wins for teams 1, 2, 6, and 4. The teams' averages are computed on the basis of total team score divided by the number of games bowled.

The following is the averages and high games of some of the top bowlers.

<table>
<thead>
<tr>
<th>Name</th>
<th>Avg. H.G.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Joe Mayron</td>
<td>162 195</td>
</tr>
<tr>
<td>Jack Legg</td>
<td>154 178</td>
</tr>
<tr>
<td>Harry Kreis</td>
<td>141 152</td>
</tr>
<tr>
<td>Ed Dembowiz</td>
<td>128 128</td>
</tr>
<tr>
<td>Joan Kridell</td>
<td>122 132</td>
</tr>
<tr>
<td>Shirley Leinwand</td>
<td>169 122</td>
</tr>
</tbody>
</table>

New members are still invited to come out and bowl. The intramural league bowls at the Bowl Arena across from the college every Monday afternoon at 2:30 P.M.

---

**Cornelia Menges**

Last September Miss Menges came to Newark State to teach in our Art Department.

After receiving her B.S. and M.A. degrees from Ohio State University, Ohio, she did a year of painting in the southwest in such states as Arizona, New Mexico, and Mexico. The next two years she taught in an all women's college, Judson College in Marion, Alabama and then taught at Bowling Green State University in Ohio for six years. During a summer vacation she did some painting in Mexico City, Cuernavaca, and Taxco.

Through the years that followed she has received painting instructions at Ohio University in Athens, Ohio by teacher Aaron Broid. She also studied for a year at the Art Students League in New York with Julian Levi and Yasuo Kuniyoshi. Miss Menges has exhibited some of her oil and water color paintings at one-man exhibits and other competitive shows, one being in Arizona, the other in Columbus, Ohio. She now lives at Cragmere Park, Mahwah, New Jersey, and it is no doubt that her best hobbies are in the art field. Our college is a very fine place to teach in, says Miss Menges. Classes here are much larger than those she was accustomed to teaching. Many of her Fine Arts students have done some exceptionally nice work despite the inconvenient conditions, which can be viewed at various times in the corridors on the first floor.

---

**Industrial Arts Officers**

Left to right: Joe Lynch, Treasurer; Stanley Grossman, Secretary; Harry Kreis, President; John Muniz, Vice-President.

---

**A Message to the Students**

by August Jannaron, Basketball Coach

(At the first meeting of my squad, this was my message to them:)

Each year a new team is developed. The record of the previous year is past. Even a complete veteran team can't rest on its laurels. The rebuilding job this year is comparable to the one three years ago. I will work hard; I expect you to. Your studies come first. Basketball is a social or extracurricular activity, rich in value.

Basketball here is played as it should be—for the love of the game, not for a powerful-athletically minded college and its pressure Alumni, but for a college whose prime purpose is to develop leaders in our complex society.

We have always enjoyed our seasons, even those with few victories. The road will be rough; there will be some heartbreaking losses but there will also be some excellent wins due to superior team efforts.

Let the fine competitive spirit of Frino, Cohn, Smith, and Hobbie carry you forward progressively.

---

**Cornelia Menges**

---

**Douglas Tatton**

Mr. Douglas Tatton, an instructor in the F.A. curriculum, is an alumnus of our college. He was graduated in 1943, and was a member of that group which virtually departed from the auditorium platform, diploma in hand, only to exchange it for a rifle. Part of his three-year army career was spent as an instructor at the engineering school in Fort Belvoir, Virginia.

After being discharged from the service, Mr. Tatton obtained his master's degree from Columbia Teachers College in 1948 and is presently studying at Rutgers for his doctor's degree. He resides in Rahway with his wife and eleven month old son, and, oh yes, one dog.

Mr. Tatton hopes that, since the bond issue was passed, the Art Department will receive some new studios and equipment.
N.S.T.C. Speech Clinic Gives Valuable Help

by Pat M. Burke

If you are passing through the lower hall some Tuesday and notice a small visitor outside the dean's office, don't think that we are lowering the age requirements on entrants. More likely, the child is waiting to enter the speech clinic, where, under the direction of Dr. George W. Gens, chairman of the clinic for the handicapped, his speech disorder will be diagnosed and treated, if feasible.

Children with speech problems are referred to the clinic by their doctors, social service agencies, and child development centers. Apointments are made with the parents, one of whom accompanies the child to the clinic.

Children with speech problems are referred to the clinic by their doctors, social service agencies, and child development centers. Apointments are made with the parents, one of whom accompanies the child to the clinic.

The present basketball team here at N.S.T.C. has its reasons for wanting victory. Many of them watched last year's games from the bench. Graduation and the Army took four of last year's starting five. Now a new varsity team of a few lettermen and a host of last year's J.V. team will have a chance to show their stuff. Everyone is anticipat- ing a difference in the win-lose column and is justified in thinking this way because of the inexperienced players. In general, though, we have been overemphasizing our past team and underestimating our future on the basketball court for the 1951-1952 season. Our present team is steadily improving in all phases of the game and no doubt will be in top shape today for the Paterson game.

This writer has been trying to get the starting five to print in this edition, but to no avail. Who Coach Jamnarone is going to start, aside from Likens and Morsh is known by only Coach Jamnarone, that is, if he himself knows. Look over the varsity team yourself and get an idea of the rough decision he has to make. If you think it's a cinch to pick the starting five write your selections on a piece of paper and give it to a member of the Reflector staff.

Ball players should get a good night's sleep before a game to play their best—there's no doubt about that in the mind of any coach. Here's one time, though, that late hours seem to help a team play better than usual.

During the last baseball season, dreary-eyed Newark players trekked to Rutherford to play Fairleigh Dickinson College. It was the day after the Junior Prom from which many of the starting team had gone. In that game Newark slammed 12 hits and scored 10 runs for the losing team.

In an effort to have the students familiarize themselves with the various club officers, the Reflector is printing a partial list of the college organizations and executives.

Newark State opens its campaign against Paterson State Teachers College. It's hard for anyone to predict the outcome of the game but I'll be safe to say that it's going to be a game which both teams will be playing their hearts out to win. Paterson will be aiming for a victory with the memory of last year's setbacks which Newark gave them.

The present basketball team here at N.S.T.C. has its reasons for wanting victory. Many of them watched last year's games from the bench. Graduation and the Army took four of last year's starting five. Now a new varsity team of a few lettermen and a host of last year's J.V. team will have a chance to show their stuff. Everyone is anticipating a difference in the win-lose column and is justified in thinking this way because of the inexperienced players. In general, though, we have been overemphasizing our past team and underestimating our future on the basketball court for the 1951-1952 season. Our present team is steadily improving in all phases of the game and no doubt will be in top shape today for the Paterson game.

This writer has been trying to get the starting five to print in this edition, but to no avail. Who Coach Jamnarone is going to start, aside from Likens and Morsh is known by only Coach Jamnarone, that is, if he himself knows. Look over the varsity team yourself and get an idea of the rough decision he has to make. If you think it's a cinch to pick the starting five write your selections on a piece of paper and give it to a member of the Reflector staff.

Ball players should get a good night's sleep before a game to play their best—there's no doubt about that in the mind of any coach. Here's one time, though, that late hours seemed to help a team play better than usual.

During the last baseball season, dreary-eyed Newark players trekked to Rutherford to play Fairleigh Dickinson College. It was the day after the Junior Prom from which many of the starting team had gone. In that game Newark slammed 12 hits and scored 10 runs for the losing team. Probably the girls that they were with gave them the extra "punch!"

* * * * *

Joe Mayron, I.A. 3, is leading the intramural bowling teams with a 162 average. The student body got a sneak preview of the team's new stockings during the Senior Show. Pinoccio wore them. Bill La Russo has taken part of his lunch hour to sign autographs for his fans. Moretta, Paterson State Star, will be playing against Newark this Friday. He led Paterson in the scoring department last year.

Women in Sports

by Ron Waldorf, '54

Sparked by Rita Hekker, the Long Shots defeated the Shooting Fools, 40-26 in the girls' Basketball League. Rose McCann taking the team's name to heart, scored 10 points, all on long shots. Mary Ruffing tallied 14 points for the losing team.

On November 7th, the Thunderbolts downed the Pixies, 17-15, in the last few minutes of play. Marge Salley was high scorer for the Thunderbolts, while Ethel Elineham netted 4 points for the defeated team.

Continuing their winning streak on November 9th, the Long Shots defeated the Pixies, 49-24. Again Rita Hekker, captain of the winning team, topped the scoring list with 19 points. The Long Shots turned in fine defensive play, led by Marge Hergenhan.

In the second game of the afternoon, the Thunderbolts were drubbed by a score of 52-27. Little Mittie Schneider did a grand job in netting 22 points for the winner. Mittie, teamed with Mary Ruffing, succeeded in keeping the Thunderbolts well in hand. Jean Oakes took top scoring honors for the losers with 17 points. Jean, along with "Danny" Neubert, took over the guard post when Ronnie Waldorf fouled out in the third quarter.
