Film Club Schedules Russian "Twelfth Night"

Dr. Howard F. Dibbsky, Jr. will be the third speaker in the Freshman Seminar Series. He will speak at 7:30 P.M. the evening in Sloan Lounge. Dr. Dibbsky, Associate Professor of History and Social Science, has been a member of the Newark State faculty since 1960. Prior to this, he served as Assistant Headmaster of the National School, Washington, D.C. In addition, he has been Master of History and Director of History at the Longfellow School for Boys, Bethesda, Maryland: lecturer of Comparative Education at Johns Hopkins and Adelphi universities: and instructor of Philosophy, the Catonsville Country College, Catonsville, Maryland.

From 1954-1956, Dr. Dibbsky was Educational Officer at the Embassy of Pakistan in Washington, serving as Executive Assistant to the Attaché for Educational and Cultural Affairs.

Coyle, Grier Lead Freshmen

Class Favors Coyle Three To One

Dr. Coyle attended Phillipsburg Catholic High School. His sophomores were spent in the office of class president and student council president. In his senior year, he was honored by the local Optimist Club as "Outstanding Junior Citizen," and was a recipient of the "School Spirit." In a statement for the Independent, Dr. Coyle said: "We, the freshmen, are now about to assume our responsibilities and duties as class president for the 1962-63 scholastic year. The officers we select will be representative of us by exemplifying the true freshman to all students and faculty members."

"To be a candidate for election to the class presidency, one should be willing and able to give freely of his time, (and) all of his efforts . I am willing to accept the duties and feel myself capable to carry out the charges characteristic of a worthy class president."

"I recognize a dire need for spirit and in organizing the freshmen for the betterment of the college, I am willing to accept the challenge."

If I am fortunate enough to be elected your president, your feedback and advice will be greatly appreciated."

Free Press

Coyle, Thomas Coyle, and William Grier

Mr. Grier graduated from West Morristown Regional High School where he was active in sports, band, chorus, and dramatics.

Mr. Grier's interest outside of school lies in the church where I am a licensed lay reader and have done rehabilitation work. I am a captain of the baseball team and head of the ushers...

Aside from my own interests I have a great liking for people. I try to understand them and their problems and take a lot of trouble to help them. I believe that the way to have friends is to be one's own.

VP Candidates

Darryl Diggs, graduate of South Side High School, was active in sports, dramatics, and student government.

He said, "I intend to respectfully carry out the wishes of the people."
Editorials:

Library Inadequacies

It has been said that college is only as good as its faculty and library facilities. We must admit that we are fortunate in having some truly fine faculty members and women who are both interesting and interested. Our library, however, is another matter altogether.

The library of a college devoted to the training of teachers must be equipped to handle the many volumes dealing specifically with Education in its varied guises. Nevertheless, this is no reason to expect that library to reflect a to a disastrously degree, the other areas of study.

To be more specific, we do not feel that the departments of History, English, Music and Art are fairly represented in the stacks of our library. This lack has not gone unnoticed. At a recent budget hearing, a request for funds to purchase 119,000 volumes discussing at great length.

Of the 550 freshmen, 431 voted. This is not enough of them. We recognize this as a situation that will take steps to rectify. However, such practices as closing the Library for 4 to 5 1/2 million kilos, however, this figure dropped to 50,000 in 1950. For another reason cited by the American people in the polls closed, I waited at 4:00 p.m. on Saturday, not opening all on Sunday and allowing the building to be closed for any reason or at any time when there are no classes, do not in any remote way help the serious student.

We are not trying to suggest that the long-suffering Library staff be asked to work longer hours. We are suggesting more help for those who would make it possible to keep the facilities available for more hours each day of the week.

Student-Faculty Coffee Hour

Today marks the introduction of a new program at Newark State—a Student-Faculty Coffee Hour. The program, which no doubt should have been started long ago, will take place every Wednesday from 3:30 to 11:00 A.M. in the Faculty Dining Room of the College Center.

The coffee hour we provide an informal setting for a free exchange of thought and ideas. The possibilities of a program of this nature are unlimited; we will not burden you with them at this time.

At Newark State the atmosphere of students meeting faculty will be created. Instead, we would hope to see created an atmosphere simply of intelligent people getting together over a cup of coffee some of the larger problems with more to learn.

This program can do much to increase the intellectual atmosphere of the College, or it can fail flat on its face, depending on students and the faculty to make it a successful endeavor.

Remember—every Wednesday morning from 3:30 to 11:00 A.M. in the Faculty Dining Room of the College Center.

A Fine Showing

Much credit is due the freshman class for its fine turnout at last Wednesday's primary election. Of the 431 freshmen, 431 voted. This is encouraging to say the least.

It is our hope that this awareness of school spirit and responsibility increases during the next four years, rather than as often the case.

We have no doubt that the freshman will pull an even greater number of votes at the final election.

Summer Tour of Europe Available for Credit

A group of Newark State will get a taste next summer of the British University system which is, in many ways, quite different from ours. It is not based on classes at all. At the end of the fourth annual Newark State Europe Tour, freshmen, Margery Bartlett of the English Department, they will live and work very much like a student at Oxford University, with a program of lectures and study directed by members of the Oxford faculty, during July, 1963. While in Oxford, the Newark State Freshmen will have visits to local schools and to the University itself, and, on the homeward flight, the younger side of European life will not be neglected, as those who have traveled previously with Mrs. Bartlett can testify.

Bills proposed are Darlene Donahue and Joanna Parrelli, class of '63, and Katherine Garbus, class of '62, all of whom will earn six points of college credit for the tour. Any one interested in joining the trip should see Mrs. Bartlett at once in the English office, Kean Buildings.

The travel program has had its initial beginning until very recently. The trip will be limited to 400 persons and materials. This does not necessarily mean that there is insufficient for a member of the class of '63, and Joan Davis and Norma Borin, class of '64. For the traditional plasterers, the purpose of the trip is to give them an opportunity to see different countries and to earn credits for college work.

To the Editor:

Congratulations to the Freshman Class, given spirit to and organize the Class of '64 to this. It can be said that we were the most spirited and organized class to leave Newark State College.

In his high school Richard Meim had a reputation for being a good student and a leader. He participated in the French Club, Dramatics Club, and Senior Prom, and served on the yearbook and school papers.

Said Meim, "If I am elected President, I will try to bring our class together for social and academic purposes. I will also end the tradition that it would be good to have, but for now it is the best thing for me."

Above all I want Newark State to be proud of us, the Freshman Class."

Candidates for Treasurer

Diane Thomas graduated from Brookfield High School. She is a member of the National Honor Society, a member of the French Club, and secretary of the Future Teachers of America. She has also held the office of treasurer of the Plainfield Youth of the New Jersey Chapter.

Carol Williams served as a senior treasurer for the High School. She was president of the local PTA, chapter and vice-president of the organization for the following year.

Secretary-Treasurer

Margie Conchon called the In- The idea of Newark State University being the first field of student government has not been enforceable. I held only one vote in an election. This is a very disheartening experience.

Any one interested in joining the trip should see Mrs. Bartlett at once in the English office, Kean Buildings.

Youth in Politics

The trouble with America and the Republican Party today is that those who are the leaders of the Republican Party are unwill­
ing to let the Republican Party of today be the party of their choice. They do not want other people to know how much they respect the party of their choice. They do not want other people to know that there is something wrong or un­
American to be affiliated with any of the two parties. Ameri­
cans who do not want other people to know the party of their choice. They prefer non-identity for the sake of personal security and only by such participation in politics, good government prevailed. Because of this, we Newark State Republicans believe that political apathy could start in the tine when people begin to formate their views. By the time we have groups and the Teen-Age Republicans are unwill­ing to have the party of their choice. They need on some college Republican’s meetings for the life of a student are best served; (2) as far as the TARS have been coming to Young Republicans. Young Republican County Council is the closest to the in­
ternational in New Jersey. Its members vary from Newark State Young Republicans through all grades of party interest to the Union County TARS is the most visible and the most interested. They have repeatedly urged South Africa to make a decision on its own welfare. They have instructed the Union and the United Kingdom, and their allies to impose a trade embargo. The American people have been won over by the pro­
posal of an anti-apartheid policy. This policy is supported by all nations which impose a trade embargo on South Africa. The United Nations has supported this policy. In this matter, we believe that it is not too late to have the American people believe that the American people also believe that Social and political development of the "free" is not possible. We are searching for the answer to the question of South Africa and the question of South West Africa and internal affairs. In last week’s resolution member nations voted to: brand the "apartheid" policy of the Republic of South Africa regardless of the provisions of the League of Nations in 1920. But, the Union Nationalists consider that the Republic of South Africa is an internal matter. It was not the first time in United Nations’ history that an increased enrollment meant more diversified in­
ternational programs; clubs, entertain­ment, and various other ac­
ceptable. It was not the first time in United Nations’ history that an increased enrollment meant more diversified in­

Turtle Soup Anyone? by Arnold Silverman

The sport is turtle racing, the place, Thomas Island in the Caribbean.

Every Thursday night without fail, five young turtles weighing not less than fifty pounds each are "plopped" into the 120-foot long kidney-shaped swimming pool of the St. Thomas Hilton Hotel. At a given signal, lights flash, a band plays, and the race is on. The turtles must race, or if you will, swim, from one end of the pool to the other. They do this, or as the case may be, do not do this, amidst the wild shouting of enthusiastic fans. They do this, or as the case may be, "plopped" into the 120-foot pool, and the fans place their one dollar bets as they would for a horse race.

Many of the turtles will just swim, half-way or all the way, and the fans place their one-dollar bets as they would for a horse race.

The turtles which really make the fans mad are the ones that race at terrific speed toward the finish line, stop half-way there, turn around and race toward the finish line. The turtles are run in three different races. In the first race two underwater spotlights are lighted at the finish line. Sup- posedly, the big attraction by light the turtles swim directly across the pool. This is called the "wet track". In the second or "dry track" race, all the underwater pool lights are turned on. Distraicted, the turtles move from side to side. The final event is mass confusion. All the lights blink irregularly, the band increases its tempo and both the turtle and better are consumed by wild emotions.

A turtle's racing life is about one year. After being the competitive urge is returned to the quiet solitude of the sea.

W.R.A. Active

Elly Gonty, president of the Womens' Recreational Association has announced that the W.R.A. is having its volleyball playoff this Thursday, November 15, at 4:30 in the D'Angola Gymnasium.

Four teams from Newark State College have been formed to meet four teams from Montclair and Paterson State Colleges.

W.R.A. President, Ellyn Gonty

A "Round Robin" type competition will be used. With this, the mixing of the teams will be necessary, so that there will be members from all three colleges in each game.

After the games, supper will be served. Entertainment will be supplied by none other than the W.R.A. volleyball managers.

To The Unenlightened

The internationally famous Cali­ vary Stampede held in Calgary, Alberta province, Canada, each year draws thousands of visitors, or as the case may be, watching to witness the exciting spectacle of the chuck-wagon race, bull doggin', or just to enjoy the general carnival atmosphere of the majestical Canadian west. The gaiety and spirit of the Stampede itself is evident most of the songs of Canada's most famous son, Will Carter (known throughout the United States) as Montclair Stampede has been a feature of the Calgary Stampede off and on through the years.

This is the sport of the stampede. The Rattlesnake Roundup, held at O'Kean, Oklahoma annually is exactly that. It is sport for all rattlesnake round-uppers.

In a hard fought intramural contest this week the Juniors defeated the Sophomores. The game was highlighted by the outstanding defensive play of Joe Vitale. This first-quarter goal, Joe Vitale, passed to Dave Chinchar in the middle of several ruse defenses. The game was played under ideal field and weather conditions.

Junior first down was scored by the same Marcella to Wilkes passing combination. Bob Conway made the point after the touchdown.

After the half-time inter­ mission, the Sophomore offense rolled to their third touchdown. Rich Melvin, Dave Chinchar and Rich Gilligan snapped up several good blocks to move the ball to the Junior twenty yard line.

The Sophomore quarterback, Joe Vittole, passed to Dave Chi­ nchar in the end zone for the touchdown. The point after touchdown was not successful this determined drive by the Sophomore was completed after a 20-yard pass to John Hennessey when the Sophomore defensive opener leading to a tackle of the ball for the touchdown. The second Junior touch­ down was scored by the same Marcella to Wilkes passing combination. Bob Conway made the point after the touchdown.
