Faculty Panel Discusses Aspects of Greek Life

The pros and cons of the fraternity-sorority system at Newark State College was presented by Dr. John C. Hutchinson, chairman of the History-Social Science Department; Dr. Ronald Raichle, professor of History; Dr. Allen Wasser, associate professor of Education, on Thursday, October 5.

Tony Martino, president of the senior class, and Dr. Hutchinson began the discussion, stating that Newark State is one of the few colleges in the country that have not placed an end to the fraternity-sorority system. Dr. Hutchinson pointed out that these organizations are needed in order to maintain a healthy social atmosphere.

Concerning the opposition of the fraternity-sorority system, the professor stated that these organizations are needed for the students to fulfill certain needs.

The speaker then gave some reasons why the system is needed. He stated that the system is needed for the following reasons:

1. It provides a place for students to participate in community activities.
2. It provides a place for students to develop leadership skills.
3. It provides a place for students to develop social skills.
4. It provides a place for students to develop financial skills.
5. It provides a place for students to develop personal skills.

One of the highlights of Newark State College is the Greek system, as Dr. Raichle pointed out, "Scandinavian Holiday," will be the opening event of the Fall Weekend Program, which will feature the MODERN FOLK QUARTET.

Burton Keynes "Dynamic Program"
The Children's Theater Conference will be held on Saturday, October 17, 1964, at the State Theatre, Newark State College. This program is sponsored by the Speech, Drama, and Formal Children's Group of West Orange, under the guidance of College Curriculum and Instruction.

The morning session will consist of four panel discussions on the following topics:

1. "The Theatre and the Child"
2. "Theatre for Children"
3. "Theatre for Children in the Classroom"
4. "Theatre for Children in the Community"

The day will be closed with a buffet luncheon.

The cost of tickets is $3.00, with the exception of the lunch, which will be $5.00.

Fall Weekend
Modern Folk Quartet and Olatunji Here Oct. 25
By Tynylon Habiksys and Marybeth Flannery

One of the highlights of Newark State College is the Greek system, as Dr. Raichle pointed out, "Scandinavian Holiday," will be the opening event of the Fall Weekend Program, which will feature the MODERN FOLK QUARTET and BABA'TUNDE OLATUNJI.

"Scandinavian Holiday," members of the College Center Board, are changing the committee planning the event.

Olaf Olofsson, a sophomore on Sunday, October 5, the name program promises to be the most unusual in Newark State's history.

The Modern Folk Quartet is a new sound, a fresh approach, to making a difference for today's people. The quartet prides itself in the ability to bring the whole folk world up to date. This is achieved through twentieth-century musical knowledge and the "guita, drive, and excitement inherent in folk music," as one critic put it.

Cyrus Payar, Tavl Dills, Chip Douglas, and Jerry Yester are the members of the quartet, who, because, "they sound different from any other folk group around," the essential aspect of their technique is DISCOVERING the excitement of the instrument in yesterday's history. The four are sincere, enthusiastic, and experienced in their desire to present a new sound, a new drive, a new understanding of today's folk music.

Olatunji Olatunji hails from Ajaok, a small town near Badagry, Nigeria. Olatunji and his group of rhythmists were part of the children's song and dance groups of Lagos, Nigeria, where he was raised.

"Drum is an expression of his culture to the far corners of the world in such albums as "Drums of Passion," and "Zungbo Afro-Persuasion." According to psychiatrists, the exotic power of the drums probe the mind and the nervous system in our primitive past, and that people of similar traits are in a sense, "there are no limitations or sorcery in our culture," and, therefore, drumming will only cause them to reassess in another form of life, and yet be brought out because the student's "gut," drive, and enthusiasm innate in folk music, which will bring a fresh approach to making a difference for today's people. The quartet prides itself in the ability to bring the whole folk world up to date. This is achieved through twentieth-century musical knowledge and the "guita, drive, and excitement inherent in folk music," as one critic put it.

BABA'TUNDE OLATUNJI, Noel Specter '65 and David Mills '65, members of the College Center Board, are changing the committee planning the event.

Olaf Olofsson, a sophomore on Sunday, October 5, the name program promises to be the most unusual in Newark State's history.

Population Explosion?

It is inadvisable presumably that in a rapidly expanding campus as N.S.C., certain facilities, at times, will be over-crowded while others will be the opposite. It is uniformly true that in the process of expansion, certain facilities be taxed to the limit of usefulness.

The "Snack Bar," if a "snack" is to be defined as a small thing to eat which takes a relatively small amount of time to procure and consume, becomes ineffective if one must wait 5 to 20 minutes in line to enjoy nothing of the impossibility of finding a place to sit. In considering expansion one need only to look to the "Hex Room." Since the "no food" rule is ignored anyway, why not include more tables and fewer couches (which are used as beds by the tired and/or lovesick kiddies).

At the very beginning of this semester, the line into the book store extended to the main hall of the Student Center; isn't this a trifle excessive? There or like alterations which made now would render the situation more effective, shall soon, with the ever increasing population of this school, be absolutely necessary if the concerned facilities are to remain in function. Would not the powers that control such things find it expedient to estimate the value of foresight in these situations?

REMEMBER

To the Editor:

The article by James J. Fulcomer's recent article concerning Representative Towne Dyer and bar support of the MAA/USSA has moved me to write. I think it should be made perfectly clear that it was Senator Harrison Williams who supported the Democratic ticket, who sponsored the resolution dealing with the state of the interscholastic sports and who deserves a great deal of credit for this move. I would say - for taking this move长相 for the team to have to divide the money equally. (As anyone who has been around sports will testify).

Jay Koluck, President
Newark State
Young Democrats

HARRISBURG?

To the Editor:

Once again Newark State is presenting basketball to the public in its usual simple, graveling, undergraduates, chancing them to its boom, protecting the great unwashed from the thronges of the world around us. She shrouds these poor underprivileged strivings so that with the help of the glittering falsehoods of metrowinner, the false hopes of those poddling infants along the paths of their dreams, she moralizes.

She is the R.C.C., for realizing that your students cannot be trusted to control their own actions. Even the sainted claws of pristine mor­ality be entrusted to their own hands and minds. Grasp their intellects with "an amount of character that few others can claim." We do not feel as though this show be "strength of conviction," but instead pride - that this is a badly poor sport.

Congratulations, and for the mature freshmen who were willing to participate in the annual contest.

ADMINISTRATION MEMO

Information about rooms or apartments for rent and houses for sale is available to students, faculty, and staff at the Desk at Whiteman Hall. This centralizes all aspects of housing in Miss Boyd's office. Anyone wishing to irrite others of the availability of housing should describe the facilities on a form which is available at Whiteman Hall. Anyone interested in finding housing should seek information in Whiteman Hall.

REMINDER

To the Editor:

I wish to state categorically that I did not mean to indicate is that I did not wish to suggest any of these connotations in connection with any individual or group involved in the handling of the magazine's athletic funds. What I did mean to indicate is that poor judgment has been used in the allocation of these funds provided for the athletic program.

Robert E. Moncrief

NOTE

In the first issue of the INDEPENDENT this year, I used the word "misappropriate" to express my concern about the relative merits of a strong inter­scholastic program. It has been brought to my attention since, that this word has the same sense as the misappropriation of the state of the interscholastic sports and an increase in that of the intramural. As years go by, more money and time is being spent on the intramural program. In the next few years, the recreational proponents of the interscholastic program go unheeded. The time the needs of the interscholastic program ?

^SAD DAY^ 

To the Editor:

It is inadvisable presumably that in a
to my attention that there is a sad day in the history of the college when a newspaper must retract an article written by a person who is only stating his personal views. I'm referring to Mr. Erb's article which stated his feeling toward the athletic program at Newark State.

This will be my last year at N.S.C. and over the last three years I seem to have seen the prestige of the interscholastic sports and an increase in that of the intramural. As years go by, more money and time is being spent on the intramural program and at the same time needs of the interscholastic program go unheeded. The examples I would like to give are:

A. Trophies - Each champion an intramural team member has received trophies for each season. Has the variance received such recognition in the last few years? I think not!

B. We now have two interscholastic sports.

2. Wrestling - Did they have wrestling funds when they started their program? My answer is yes. Did they not until much later that they received funds for such equipment.

Swimming - Has come to my attention that there is no appropriation for this team. I hope that they at least get some water from somewhere.

C. The intramural program pro­vides an opportunity for a student to join a program. Our "Champs" (foot­ball, baseball and basketball) will play their "Mets," "Tigers," etc. teams from other colleges. I thought we played baseball and basketball with other colleges through our interscholastic program?

D. The Council vote in regard to much needed equipment? The Council voted to provide the funds. If the athletic department took this as a slap in the face, they are under the belief that the interscholastic program is a sad day.

Respectfully submitted,

Don Kulick
Vice-President,
Student Organization

FRANKENHIAN MEETING

To the Editor:

There will be a meeting for the class of 1969 on Wednesday, October 14, at 2:00 p.m. The discussion of the evening will be the election of class officers. Your attendance is important even if you do not wish to be a candi­date for an office. For this meeting the duties of your of­ficers are explained and the var­i­ous functions of your class are discussed. In other words, if you care what happens to YOUR class, you will attend! (Non-attendance at this meeting indicates that you have no inter­est in the relevancy of your State socially as well academi­cally.)

Sincerely submitted,

Jim O'Tine
Vice-President,
Student Organization

Re: MISAPPROPRIATE

To the Editor:

In regard to the article that appeared in the first issue of the INDEPENDENT, dealing with the misappropriation of the interscholastic program and the subsequent misunderstanding that took place over the word misap­propriate. (Sic) let me say this: I feel that the importance of this article and the situation that it brings to life should not be dimmed by a point as trivial as the interpretation of a word in the article (Sic). It seems to me as a question of lack of knowledge as to what is concerned as to who is responsible for the funds, the Department took this as a slap in the face because they are under the belief that the interscholastic program is a sad day.

Goldwater Moves Toward Victory

BY DON KULICK

Goldwaterites are quickly out-distancing Johnsonites in terms of organizational activities. According to a recent survey, there were 2,300,000 contacts made by Republicans versus 5,300,000 by Democrats. It is noteworthy that in 1958 when the personal calls were tied up; and, two, their devotion for Johnson is hardly inspiring. The comparison between the two presidential organizations is otherwise not surprising. Opponents to compulsory Social Security, the one who is strong in the case at hand, is apt to win. Hence, we will at- the present time S.H.E. is doing research on New Jersey is a state-wide student effort to making a broad base tax the major issue in solving this mammoth problem. Perhaps students will be able to do something to alleviate this deplorable situation.

OTPONA, Canada (CPS-CUP) — A chaplain at Carleton University has suggested that premarital sexual relations are justifiable if they contribute to personal growth.

Writing in THE CARLETON, Rev. Gerald W. Paul, representing the Anglican, Presbyterian, and United Churches on campus said recently "only if we are certain the sexual relationship will help more than harm our partner in the long run as well as in the immediate encounter, we are justified in premarital sex."

Rev. Paul said the reasonable student today doesn't think the church is justifying the committing of the sin of premarital sex, but is trying to apply the type of sex engaged in by two unmarried students.

Comparing premarital sex to premarital sex, a state-wide student effort to expressing an impossible notion which can only be geared to escaping an impossible notion which can only be geared to escaping...
Intramurals

Football

The freshmen took the field for their first intramural action against the seniors. In the past, the freshman team has taken a few games to get organized and this year is no exception. The seniors, boasting a fine offensive attack and a rock-chinned defense, proved too much for the unregu-
lated freshman. The passing of Joe Tomasillo and the pass- ing record of Dave Chinchar accounted for four touchdown aerials.

Added highlights to the game were a fifty-eight yard pass (the longest of the game) from Dave Chinchar to Dave O'Reilly and the senior front line led by Dave forcing a safety on the freshmen.

In the sophomore-Freshman game, the downfall of the sopho-

dent Gargiles of the MAA urged the students there. Doug Williams had his hands on but

supplied the scoring punch for the Squires. Steuben

ched Gargiles of the MAA urged the students on hand. There are two views of this game one in which the crowd

saw the Squires miss a number of good scoring opportunities; on the bright side in the excitable rough brand of play that transpired.

Social Security is not a "handout"; it does not drain away due to the buying power it affords the beneficiaries. A shrinkage in the contributions of employees, the government is simply

planning. Not to be forgotten is the type of activity that they enjoyed, that an effectuation of
democracy is successfully conquering new horizons to accomplish this.

It is clear then, all things con-
dered, that an effectuation of
democracy is successfully conquering new horizons to accomplish this.

DEM'S

(Continued from Page 1)

Olive Champion also prospered as a result of Social Security. Thousands of corporations have built their private

pension schemes on the security system.

Social Security has actually helped to curb tax-supported "theft," according to several experts.

Social Security is a vital force for our economy due to the buying power it affords the average American. The consumption of goods in their consumption power would be a considerable blow to our prosperity.

It is clear then, all things con-
doing an effective job on Senator Goldwater's policy on Social Security would render that system as bankrupt as are his political promises. That's pretty bankrupt-

Squires Need Freshmen

By Bill Grier

This year for the first time in many years, the soccer team is fortunate to have received support from the freshmen. If this trend continues, Newark State may end up with a winning team. The freshmen are needed to build a solid club.

If the soccer team has re-

requirements, this season should not be overlooked. We now have ten people on campus who can swim.

Goody - goody, and all that!
