Fall Weekend

Attendance Encouraged by Music Department

Otanoji and MQF in Concert

Babatunde Olatunji, with his "Drums of Passion," and the Modern Folk Quartet, will give two music concerts on the Newark State College campus this fall. Otanoji, performing with his MQF group, will present "The Southern Wing of the Ku Klux Klan," its 45-minute program, during Fall Weekend. The MQF group will present 50 minutes of African music and folklore. Both concerts are sponsored by the Music Department.

Elgart Orchestra Provides Musical Entertainment Here

The Les and Larry Elgart Orchestra will provide musical entertainment for the "Scandinavian Holiday Dance" on Saturday, December 4. The orchestra will play selections from its recorded repertoire. The Les and Larry Elgart Orchestra, which has recorded several albums, is well known for its special arrangements. The group has won numerous polls as one of the most original bands in the world. Elgart, a composer, arranger, and conductor, has written for all the major recording labels, including RCA Victor, Columbia, and Philips. The orchestra has also appeared on television and radio programs throughout the United States.

Dr. Rice Teaching in The Netherlands

Dr. Arnold Rice, of the History of Science Department, is now teaching at the Catholic University of Nijmegen in the Netherlands. He is teaching a course in the history of mathematics and acting as a consultant to the university. Dr. Rice received his Ph.D. from the University of North Carolina and has published extensively on the history of science. He is a member of the American Historical Association and the Society for the History of Technology. His research interests include the history of mathematics and the history of science in the Netherlands.

History Seminar Features Verdegne, Exchange Professor

Professor John H. Verdegne, exchange professor from the Netherlands, is now teaching in the History of Science Department at Newark State College. He will be giving lectures on the social and cultural aspects of science in the Netherlands. His research interests include the history of science and technology, and he has published extensively on these topics. He is a member of the International Advisory Board of the History of Science Society and the American Society for the History of Science.

The Social Science Department will sponsor a reception for the speakers after the debate in the faculty Dining Room. All students are invited.

The Townsend Lecture Committee for 1964-65 is chaired by Donald M. Rusk, chairman of the New York State Democratic Party, and Dr. Rice served as the third executive head of the American Civil Liberties Union when he assumed his post in 1959. Since January 1960 he has been Director of the National Affairs Department of the American Civil Liberties Union and the National Affairs Department of the American Jewish Committee.

Fall Weekend Lecture Series Begins With Debate on 'Extremism'

The annual M. Ernest Townsend Lecture Series will take a new and original format for its first program on Wednesday, October 28, at 2 p.m. in the D'Ambrosio Gymnasium. Mr. John de P. Pemberton, Jr. (left) and Mr. Edwin J. Lukas (right), Executive Director of the American Union and Assistant Professor of Law and Associate Professor of Law, University of New York at Albany. Before coming to Newark State in 1958, he was in charge of the New York Civil Rights Commission.
PARKING

The traffic directors at Newark State are in dire need of assistance.

One of the major problems facing the college is the traffic situation. With the increase in the number of students, the problem has become more acute.

The traffic directors, Mr. and Mrs. Johnson, have been putting in long hours in an attempt to solve the problem. They have been trying to organize the parking area, but with little success.

The students, on the other hand, seem to be getting more and more frustrated. They are constantly complaining about the lack of space, the noise, and the confusion.

The administration, on the other hand, seems to be taking little action. They have not done anything to provide more parking space, or to improve the existing facilities.

It seems that the problem of parking is going to continue to be a major issue for the college, and that something will have to be done to alleviate the situation.
Fraternal Situation...Across the Nation

University of Califonia

LOS ANGELES - Fourteen of the fifteen fraternity and sorority chapters at the University of California at Los Angeles were suspended on Wednesday for failing to sign a non-discrimination pledge. The pledges were signed by 3,020 undergraduates and 3,000 graduate students in 28 of the University's 79 fraternities and sororities. The pledges were designed to ensure that no discrimination would be practiced in the selection of members.

Dean of Students, Glenn A. Gochman, said that the pledges were signed by all the chapters and that no discrimination would be practiced in the selection of members. The pledges were designed to ensure that no discrimination would be practiced in the selection of members.

President of the Interfraternity Council, Ray E. Pierson, said that the pledges were signed by all the chapters and that no discrimination would be practiced in the selection of members. The pledges were designed to ensure that no discrimination would be practiced in the selection of members.

Students To Aid War on Poverty Program

WASHINGTON (CPS) — The nation's colleges and universities will be in the front lines of the administration's anti-poverty army this year.

They will provide faculty troops who will be paid and assigned as project consultants in other programs, and aid professors and counselors for the Job Corps, work training programs, and other anti-poverty projects.

About 600 people are needed to teach for one year periods, 20,000 high school drop-outs and draft rejects.

A major misstatement of facts appears to have been made in the Goldwater Opposition Campaign when it launched a propaganda campaign in defense of the Goldwater Administration.

The difference between Johnson and Goldwater is far less pronounced, Dr. Charles Van Doren, professor of political science at the State University of New York, recently said.

There will be a meeting of the HUMANITY CLUB on the INDEPENDENT on Tuesday, October 27, at 3 p.m. in the attack office.

Promotions

Fourteen faculty members at State College have been promoted in professorial rank.

Chairman stated that all will have the Department housed in the Keene Buildings, rather than the Mccarter Theater at the State University of New York, recently said.

The reason for the disparity, he said, is that New Jersey's public colleges cannot accommodate the number of high school graduates of the State's high schools each year receiving higher education.

College Backlash Indicates Early End of Charity to New Education to N.J.

TRENTON (N.J.A.) — New Jersey probably can't count much longer on receiving federal aid for higher education from the state's other educational institutions, as the college backlash is already making itself known here.

Some changes which have already been suggested to President Eugene Willis are to have the English majors at each level, rather than the present single semester, and an increase in the total number of English Majors in the College.

Fall Weekend Hootenanny

Following the swim party of Friday, ending about 8:30, the College Center Board will sponsor a Hootenanny in the Main Dining Room. During this time, the Stock Bar will be open for refreshments. Newark State's regular groups of singers, including Ernie Whitworth, Sue Peirce, Sue Black, and Mike Linsen, will be featured. Mr. Black is currently forming a new group, "The Highland Singers," who will make their debut this week. In addition, outside talent is expected to participate, as a kickoff for the Fall Weekend. It is hoped that the student body will turn out in large numbers, and in good voices, having been interrogated by the aquatic experience, prior to the "shovel." Your support is urged for the success of the entire Fall Weekend

Graduate Colloquium

Neale Clapp, M.A., Assistant Director of Essex Fields, was guest speaker at the Graduate Colloquium on "The Self-Conceives and Adolescent delinquency." Mr. Clapp explained that the three types in the analysis were "straight" adolescents, narcotics addicts, and barbiturate addicts.

Answers from questionnaires given to from 10 to 12 boys in each category showed that the "straight" adolescents passed self esteem and confidence and considered themselves a part of a group. The "narcotics group" evidenced little self confidence. The "barbiturates" exhibited no affiliation to one another, but rather drew themselves into a shell. Both narcotics and barbiturate adolescent feelings of failure include...
