Prevention Taken for Polio - TB

Becker Releases Statement on Salk

Dr. Sylvia Becker, college physician, has taken a definite stand on the recent discovery of the Salk Vaccine, now in a highly creditable form. Dr. Becker feels that medical science's newest weapon against poliomyelitis, the Salk Vaccine, is now in an abundant supply. The vaccine is safe and effective in all areas where it has been used. I urge the students of this college to see their local family physicians in order to avail themselves of this protection as soon as possible.

X-Rays Scheduled

For Oct. 22, 23

Miss Vera Brooks has announced that on Monday and Tuesday, October 22nd and 23rd, chest x-rays will be given to everyone who is in any way connected with Newark State.

Members of the student body will report by sections, upon notice, to the auditorium by way of the north stairway only. It is requested that members obtain books and valuables in their locker-rooms. Because of convenience, Miss Brooks suggests that the girls' wear ski-lyres and blouses on their x-ray day.

Aleithian Club

Busy Planning

Making plans for fall meetings have occupied members of the Aleithian Club. On Monday, October 15, they are to hear a homemaker tell of the problems of running a Christian home in today's busy world. The meeting will be held at Ford-Islay Hall at 3:00 p.m.

For the first night meeting, tentative plans have been made to have a speaker who is in Christian work and is a former missionary. This meeting will be held in the Tudor Room, Monday, October 22, at 7:00 p.m. Weekly Bible studies from the Gospel of Mark will be held every Wednesday and Thursday at 11:15 in room 23. Everyone is cordially invited to these meetings.

Students Begin Practicum Visits

Junior and senior students have been informed of their practicum appointments for January and February of 1957. Dr. Lenore Vaughn Eames and Mrs. Lois M. French, who are in charge of the Senior and Junior Student Teaching Laboratory, have scheduled October 19 and November 28 for the juniors and seniors to visit their practicum centers.

Fall meetings at the college are being given to the faculty advisors of each practicum center group to prepare the students for their responsibilities as practice teachers. Notices for these meetings and any other information concerning student teaching can be found outside the Student Placement Office.

The practicum centers are located in Belleville, Bloomfield, East Orange, Elizabeth, Irvington, Millburn, Newark-S. 8th St. School and 15th Ave. School, New Brunswick, Roselle, Russian, South Orange, and Union. Listed in the same order as the practicum centers are the junior faculty advisor of each group, Mrs. L. M. French, Mrs. E. Salt, Mr. J. E. Downes, Dr. D.G. Scannel, Mr. G. Stagner, Mr. J. W. Dickson, L.E. Rogers, Mr. R. Rink, Dr. L. Vaughn Eames, Miss Butler, Mrs. French, Mrs. M. M. Bartlett, and Miss E.E. Kane.

While the appetizers are away on the nineteenth of October, the freshmen students will also be on a field trip. As part of their education course, the students will visit their former

SGA Constitution Revision Seen

Josephine Rappada, president of the Student Council, opened the initial meeting of the organization by welcoming the class delegates and introducing Student Council officers.

Communications officers and classes were delegated to each section - it is at this time that the class delegate is to report and discuss with his class the business of the meeting. The school budget was read, discussed, and adapted. (See page 3.) According to the constitution, there is to be a senior as a president and a junior as vice president. During practical, however, these offices are vacant, so it was suggested that an amendment be added to the constitution in order that an underclassman be appointed to replace these officers during the practical period. Emilio Kegea is the committee volunteer who will undertake the study of the problem.

The Student Council meetings will take place on the first and third Monday of each month.

Norms to Present "Summer and Smoke"

The Norms Dramatic Club has started production on a unique and interesting drama, "Summer and Smoke" written by Tennessee Williams.

This year the club is producing a play different from past years. It is hoped that this will effect its appeal for people of all ages. The story involves the complex emotions of a boy and a young man.

Busy rehearsal schedules and hard work are ahead for the following people who have been cast: John Buchanan - Carl Williams; J. W. Dickey, Mr. R. Fink, Miss L. Vaughn Eames, Mrs. Lois Butler, Miss Rosemary Barry; Roger Doremus - Sandy Birenbaum; Noah Hooper - James Anderson; Andy Kramer - Al Leich; Nellie Ewell - Sheila Knoller; and Dr. John B. Sr. - Jerry Maiskoff.

The performances will be Saturday evening, November 3, admission $0.50.

November 5th, Date Set for Grooming Course

For the past four years Newark State Teachers College has had a Grooming Course specified officially granted for the benefit of the Freshman class by Halse & Co. This year the course will again be given during the week of November 5, 1956, under the direction of Dr. Harriet Whiteman, Professor of Education and Mrs. Helen Barney from Halse's credit department.

Mrs. Helen Barney is a former physical education instructor of Newark State.

On Monday and Tuesday, an introduction will be given on personal grooming by Mrs. Helen Barney.

Wednesday, Miss Gordon from the Revlon Co. will give a lecture which all students may attend on the use and care of cosmetical products.

Friday, Mrs. Elizabeth C. Norris, manager of the Halse & Co. Beauty Salon, will lecture on care of the hair, correct shampooing and shaping of the hair.

The following Friday, November 24, 1956, Miss Naples Per- singer, physical education teacher, will give a talk on weight. This discussion will include exercises for the body and correct posture.

Convention Heads Hi-Low Agenda

Mr. Platt, director of the Hi-Lows, has announced part of the Hi-Lows' schedule for this year.

The annual performance was Thursday, October 4, for the A.C.E. Tea at the Broadmoor School. This is to be followed by performances at the Atlantic City P.T.A. Convention Friday, October 24 and 25, the Elizabeth Rotary on November 14, February 28, the group will sing with the Atlantic City P.T.A. Convention and the Hillside Symphony. The Hi-Lows will also be seen by the class after the November 28 performance.

In observance of the U.N. Week which begins on October 22, the Student Council of the United Nations (CCUN) will visit the U.N. on Wednesday, October 24.

The club is also furnishing the showcase and bulletin board in the college library for J.W. Week.

Students of the college will be given a special program for the students of the college who have returned from the United States.

ATTENTION!! ALL REPORTERS ON REFLEC­TOR STAFF!!

TODAY is the DEADLINE for next issue's copy. We, the editors, have a responsibility to our readers, and we expect to hand in an article in time to meet the deadline.

The students of the college look forward to getting the paper. Having it out on time depends on you. Don't let the students or us down. SURE IN THAT COPY!!

AN NSTC Football Team?

The new business of the meeting consisted of I. a contest is to be held by Readers' Digest magazine in which the entrant is to select the six articles appearing in the October issue which were most popular; 2. the possibilities of a football team were also discussed resulting in a decision to continue the Football Team, and 3. another important point which was stressed was that of absenteeism on the part of delegates and alternates. The student government must work together as an entire body and this cannot be done if sections are not represented, therefore two alternates by delegates or alternates. The student government

Rise and Shine
by Pat Perretti '60

"In five minutes, Mother. I've got time. Don't worry."
"Doesn't she know what time it is?
What time is it Pat, anyway?"

I'm getting up, Mother's right.

"Yes, Mother," I say, "because I don't want to try
that stunt again, she never believes me anyway. Here
she comes now."

She is prepared and when she grabs her corners of the
blanket I take hold of mine and lose, but only after a
fight and only after reason, and you're the hero of
the advantage of being up for half an hour. It's cold.
"Aw, she just put on the light. She'll look down and
see me sitting up."
"Yes."

"Ouch! That door - - I always stub my toe on it.
Geesh, it IS getting late. Better hurry and get dressed.
"I'll see you."

Aw, she just put on the light. She'll look down and
she comes up the stairs; she's becoming a

elective Year Turmoil Stars Campus Campaign

As the presidential campaign begins to reach a peak throughout the nation, politically minded students of this college are also well under way with the mock campaign being sponsored by the College Forum.

Campaign headquarters have been established. Dr. Ralphie is campaign manager with Stewartson - Keenover ticket and his office in the Democratic headquarters.

Dr. John C. Hutchinson with his headquarters in Mr. Downes' office is acting as party chairman for the Eisenhower - Nixon backers.

Speakers from the National party headquarters will come to Newark State to reveal various aspects of the campaign after which an actual election, with voting machine will take place.

Pauline Mazzarella, N. S. T. C. cheerleader leading another type of cheer. The picture was taken at an outing with the orphans of St. Peter's. That is Audrey Jenek, another Newark State Junior at the end of the line.

AID TO NEEDY

(Continued from Page 2)

What can we, as potential teachers, do to remedy so extreme a situation at any rate the situation? If anyone has a feasible solution, would you please tell me? I confess that I am at a complete loss (lawfully, anyway) at getting both male and money for myself.

The 'More' for the Merry: Frosh Class Biggest Yet

Entering Freshmen, the class of 1960, may claim the distinction of belonging to the largest class ever, at least in State in many years. Of the 245 students 39 are boys. This fantastic number of male students in another distinction they can claim. There are nine freshmen sections as compared to seven in last year's class.

Great place, that Scotty's.

October 12, 1956
Swimming Anyone?—

All those interested in Swimming—the Newark Boys’ Club is offering a full year’s membership at their pool. The pool is seventy-five feet long, and has an added attraction of underwater lighting. The days for women are on Monday, Wednesday, and Friday, and for men on Tuesday and Thursday. You can swim any time from 3:00 P.M. to 5:00 P.M.

The membership fee is three dollars, plus twenty-five cents per swim. You can take your membership out at the club, which is located at Littleton Ave. and Thirtieth Ave. in Newark.

If you’ve a group together and form a swimming party. You’ll have a lot of fun swimming, as well as keeping in good physical condition.

Bob Glascobbe

Basketball Practice Starts

This year’s basketball season will start with an array of new faces. Only four returning lettermen will be on hand to bolster Coach Al Cohn’s squad.

The team will be led by Hank Kobik a senior and captain of this year’s team. Hank scales in at six feet, three inches and was the Black Knights third leading scorer in games last season. Beside Hank, other important returning lettermen will be Bob Glascobbe, a junior, and the team’s playmaker, Art Rosennomeno, also a junior, and Joe De Filippo, a sophomore. They will round out the veterans and compose the backbone of our hoopsters.

Gene Campbell, freshman 7’s sixth foot three and a half inches, is expected to occupy the center position. In the running for the money will be Willy Chiles, a sophomore. Campbell saw action at Central High School in Newark.

Another possible starter to the first five will be Shields, a sophomore.

Outside prospects include Tyson, a freshman and graduate of Remsenburg High School; John Kaufman, a freshman and graduate of Central High School in Newark. Other players are: Simonger, Gerber and Shields, all junior and seniors; and Vincente and Hopkins, freshmen.

Coach Cohn will employ a fast idea and it comes from a man who has done so much for athletics in this school. That’s it for now.

Hank Kobik

—the “Y” Too!

Like swimming? Come out to the splash party, which will be held at the Y.M.-Y.W.C.A. in Newark, on October 27, which is the Saturday before, with admission to this special occasion, will be one dollar, which can be paid to any member of the College Physical Education Department by October 20. There is a limit of forty people who can go, so hurry, and get in on the fun.

In Miss Persinger, one of the newest representatives of N.S.T.C. Cheerleaders, we have a capable woman, en­riched by her many varied ex­periences of being a cheerleader. A graduate of the Sargent College of Boston Univer­sity, she has spread her knowl­edge to Andrew Lewis High School in Paterson, S.C. Dubarry Success School of Richard Hudnut was the next school where she taught. One year at Teaneck High and two years at Paterson State came after that. She has also taught part time at Hackensack School for Models, and was a counselor at private summer camps for nine years.

As for her reaction to N.S.T.C., Miss Persinger likes it very much and is especially impressed with the student government here. She says it is the best she has known.

Miss Persinger teaches freshman physical education and also coaches the collegiate basketball team. She extends the course and include basketball as part of the course as well as the other regular games. She has started volleyball skills and hopes that interest, it can lead into a tournament.

Miss Persinger

Bob Glascobbe

Full Swing

On either October 14th, or October 21st, the cheerleading squad will be held at the Y.M.-Y.W.C.A. in Newark. Practice has been on going for weeks now and, incidentally, admission to these practice sessions which are held on Wednesdays and Fridays is for members only. Captain, Pauline Mazzarella and co­captain, Pauline Mazzarella are teaching the girls the squad cheers. Some old members of the squad have also been helping out.

A committee was formed by the A.A., made up of two former cheerleaders who were on the team for two years, and two representatives from each class. This committee will make up a list of standards by which the girls will be judged, and a list of basic routines which will be made up soon and posted on the bulletin board. This way, the girls will have an approximation of how they are being judged.

Another committee will be chosen to select the girls. This will be made up of some members of the A.A., and some junior cheerleaders that are not trying out this year, and some faculty mem­bers. About thirty two girls will try out, twelve girls will be selected for the team.

Girls that try out must remember the responsibility they will have if they make the squad. It means practice a few days a week until the season starts, and being at all the games. Some games that are not played at home.

Sports World

The First Few Weeks

No doubt you have often heard the saying that the first hundred years of a person’s life are the hardest, well, the same holds true for the first year in college. Other things being equal, one single thing can determine the outcome of any season it is those opening weeks of hard practice when getting in shape is a major problem and the pattern of team development.

In our miniature gym and out in our ‘shrunken’ garden the squad is being put through the paces by coach Cohn. So far, and our fingers are crossed, there have been no injuries, major or minor. The usual tightness in the muscles and the short windedness which make their annual appearances after a long summer vacation of nothing is running as smoothly as can be expected for the early workouts.

The Same Old Gripe

The same story is repeated this year as has been for so, so long a time. Just when Al Cohn and the boys are starting to show signs of working smoothly and the prospects of getting a jump on the other and more fortunate schools are at hand, comes the news that in a week or two the available days for practice will be reduced from an unfortunate three a week to a ridiculous two a week. This, newcomers to Newark State, has been the procedure year after year. It is one of the basic reasons for our poor or mediocre records. It is one of the basic reasons for the comparative small part college athletics are a vital part of school pride and growth out of school life and not a real part of it.

A Lesson from this Election Year

Although most of the undergraduates of Newark State are not of voting age as yet, there still remains some valuable knowledge to be gained from this election year. You know from the efforts of the Nationalorganization which has been put on getting out the vote that the influence of the individual can be felt if he or she makes it his business to be felt. Well, here is your chance to swing some weight in the direction of the athletic program at school. Join the Athletic Association or at least attend the meetings and voice your opinion on the plight of the varsity teams. Attend the games and cheer the NSTC team in every way! Without your support of the future at NSTC looks mighty dim.

Odd Bounces

News has reached our ears of the attempt by a group of freshmen to organize a football team for next year. Well fellows, don’t let the days for women are on Mondays, Tuesdays, and Thursdays. All in all, things are running as smoothly as can be expected for the early workouts.
