**Students Commemorate Harvest Tomorrow**

In commemoration of the first Harvest Feast held in Plymouth by the Pilgrims, Newark State will present its traditional Thanksgiving Program tomorrow afternoon, November 21, at 2:00 p.m.

The program will commence with an Organ Prelude which will be followed by a scripture reading and salute to the flag. Seasonal songs and hymns recalling the hardships of the Pilgrims during the winter of 1620-1621, and expressing their thanks to God for a bountiful harvest, will be sung by the Hi-Lows, Glee Club, and the orchestra. The musical selections include "Faith of Our Fathers" with a descent accompaniment, "American", "God of Our Fathers" accompanied by the Brass Choir, and "Thanksgiving Song".

The college orchestra will provide the background music for the singing. As is still playfully done, the seniors will present "Roll Call of the Thanksgiving, Dr. Eugene G. Wilkins will present the Thanksgiving Address to the audience.

All will participate in the concluding number, "We Gather Together."

The program will open the four day holiday for the student body and faculty.

**Norms Prepares 'Dust of the Road'

The Norms Theatre Guild, having recently completed its first production, "Summer and Smoke", is now preparing to present "Dust of the Road" for the annual Christmas assembly on December 21, in the auditorium. "Dust of the Road", written by Kenneth Goodman, is a one-act drama portraying the "giving spirit" of the Christmas season. The play will be directed by Elaine Goss, a senior student of the college. Mr. Matthew Dolkey, advisor of the drama group, will supervise. The members of the cast that have been selected include Carl Kumpf '60, who will play Judas, the leading character; Sandy Birenbaum '60, who will be seen as Peter; and Frances Samuelowitz '60, will take the role of the Old Lady. Tryouts are still being held for other roles in the play.

Mr. Jack Platt and Mr. James How, who are advisors of the singing groups and orchestra respectively, will arrange all music selections for the Christmas program. Committees from the art and music departments will work together in organizing this traditional event of the college.

**Present Fresh Lead Way for BA Degree**

Beginning with the present freshman class, the Class of 1960, Newark State Teachers College will award the degree of bachelor of arts in education at commencement instead of the traditional bachelor of science degree in education.

This comes about as a result of curricular modifications adopted by the State Board of Education in June, 1956, for the six New Jersey State Teachers Colleges. These modifications embody the recommendations which have resulted from a three-year study made by the six colleges assisted by many interested groups. These curricular changes will be reflected in the programs of freshmen only during 1956-1957.

There are four general areas in the new program: General education, basic professional education, professional and general courses as required for the respective teaching fields, and free electives. One hundred and twenty-eight semester hours of approved work will be required for graduation for all majors.

**Seniors Anticipate Nat'l Teacher Exam**

The National Teacher Examination, prepared and administered annually by Educational Testing Service, will be given at Newark State Teachers College on Saturday, February 9, 1957. All the one-day testing session a candidate may take the Common Examinations, which include tests in Professional Information, General Culture, English Expression, and Non-verbal Reasoning; and one or two of eleven Optional Examinations designed to demonstrate mastery of subject matter to be taught.

A Bulletin of Information (in which an application is inserted) describing registration procedures and containing sample questions will be distributed to the seniors early in December by Dr. George McMeen, Applications, when received, should be filled in immediately and returned before the Christmas Holiday, Dr. McMeen requests.

**Recruitment Gets Under Way**

Dr. Eugene G. Wilkins announced that Newark State has entered upon a campaign of getting all Newark State Teachers College Alumni as well as all those taking graduate and part-time and extension work at the Newark college to help replenish the teaching profession.

This will be done by asking each college alumnus and each course taker to recommend one person for admission to the Newark State Teachers College freshman class to enter in September, 1957. Each teacher is encouraged to select the type of students she wants to see enter her classroom to teach four years after the student's entering day.

A bulletin which an honor roll of names of the teachers in the profession and the students whom they have sponsored will be published.

Dr. Eugene G. Wilkins, secretary, said that a press release announcing the campaign to 4,700 alumni appeared in the fall issue of The Newark State, the alumni newspaper, which is being distributed now.

Similar notices to 1,700 graduates and part-time and extension students will be distributed at the end of the month.

**Healing from the Twenties are: Am Balough, Mariene Smith, Christine Galliano, Claire Bourne, Barbara Cape, Agnes Gately, Lynn Sweezy, Elaine Goss, and Carol Ness.**

**Seniors Entertain Parents; Present 'Flapper Dapper Daze'**

This evening has been designated as 'Senior Parents Night.' Tonight, at 8:00 p.m., the seniors will present "FLAPPER DAPPER DAZE" for their parents. Refreshments and a parent-faculty get-together will be held in the gymnasium following the performance. The audience found themselves in the midst of an exciting fun-rolling college weekend on a "Camus". Highlights of the gala college weekend included a football game between Hard Knocks University and Soft Touch University. A dance, typical of the blazin'-twenties, was held after the game. The dance was spiced with enlightening and enjoyable entertainment.

**Stokes Trip Planned**

The Wapalanne Club will make its annual trip to Stokes State Forest on December 1 and 2. The trip will be under the supervision of Dr. Robert Schumaker and Mrs. Mary Bartlett, alumni and student members and several guests are expected to make this trip. A full schedule, including ice skating, square dancing, and other festivities is planned.

The Wapalanne Club, with its large enrollment, has a host of activities planned for the remainder of the year. Among these are basketball, hiking, ping pong, square dancing with other colleges. Wapalanne members are requested to watch the weekly bulletin board and the special Wapalanne bulletin board in the biology lab for further club news.
Consensus Favors Used Book Store

by Marilyn Thompson, ’59

Modem Art or Modern Mess?

Strolling along the third floor corridor the other morning, I saw something rather strange and unusual. What it was I didn’t know, but I thought that it must have had something to do with art. I stopped and looked for the longest time at what I saw, then held it up for binocular-eyed I became. They must be pictures of some sort — just they had to be. Most of the color combinations and shapes were very garish. I wonder about the third floor exhibit. They told me that the art work represented a combination of lines and curves.

By the end of the day my problem was solved, except for one thing. How can you tell the top side of the picture from the bottom? ? ? ?

Pains of Waiting

I think that it is just plain disgusting. It’s bad enough that I only have three classes on this Thursday and have to wait until 2:00 for a great part of the day to get over with, but this, this is too much. Why should there be so many other classes in the day that is not called a clash period? Arriving very early in the college, I had to return to the college without books instead of floating around until 2:00 P.M. (and if you’re wise you’ll skip these and menu — you know, it’s time for lunch. Let’s eat, gang."

At last, the hour has arrived. Triumphantly I march into the . . . into the . . . Oh, I am getting hungry. Let’s go to Scotty’s for a snack. A great place! Well, if you know, it’s time for lunch. Let’s eat, gang.

"During this Thanksgiving Season, let us be mindful of those who are less fortunate than us."

EDITORIAL SPEAKING:

Perhaps the most hectic place in the college at the present time is the used book store. This is due primarily to the rush of students looking for books in regard to the fact that upperclassmen are always trying to sell their used books to those now taking the courses. Selling books is one of the most convenient forms of part-time education in buying new books.

As long as this sale continues, and it shows no signs of abating, something must be done to alleviate the confusion around the book store? Why not endow the students with a used book store? We realize that space is at a premium here in the old building. But at the new campus, we will have much more space and would be willing to spare some for a used book store. Yet, as of now, there has been no planning for such an establishment.

Setting up such a used book store would not be too difficult. This would not have to be run through the entire year. A three week period at the beginning of each semester would suffice. The used book store would be run by students, just as the present book store is. A work scholarship could be given to those who worked there. After the used book store closed the students could put their services to use elsewhere. Uniform prices on each book would be decided. The students would sell their books in the store, together with an envelope with his name on it. When the book was sold, the money would be put in the envelope and held for him.

These details would have to be worked out by student representatives and the faculty together.

One objection to the used book store is that students might not be able to buy books that they might have future need for. However, if a student had not been sensible enough to know if he will need a book by the time he reaches college level, lack of a book store will not affect his judgment.

We believe that a used book store will be an advantage to the student of New State, since it will provide a much-needed service to the students.

STRANGE AFFICHETTE

MITS CAMPUS

by Sonny Griff, ’59

What is this strange type of affiche that has been affecting the school for years? It is characterized by a yeaming, an almost melting, a desire that makes nearly crazy. I know — I caught it.

I can be sitting in the library, deeply engrossed in a book before I know it, I seem to be reading a brochure for the general direction of fun and laughter.

This disease seems to cast a hypnotic spell over its victims. Gradually it decayed my will-power until I was firmly held in its clutches.

Some affichettes are seasonal. Thoughtful of this, I may appear in the spring. Romance blossoms in the summer. But, the epidemic affiche disease marks the end of the school year.

Now don’t get excited and run to a place where the disease can be treated. This disease is highly contagious but its effects are pleasing.

Experts have told me that there is no cure. Medication and treat-ment are ineffective. Isolation is the only possible cure. However, if a student does not yet have the disease, perhaps there will be room in the future for a school to deal with this problem. Students studying for important tests certainly want to be free of this affiche.

Who wants a cure? Not me! Lead me to the smoke and noise of the affichette. I think I am in the presence of fun and laughter among friends constantly playing bridge. And if someone shouts “forth with you” you can count on it, I’ll be there.

Alphal Alpha Thel held its Initiation Banquet at the Hitching Post Inn on November 15, Sigma Kappa held its homecoming party of the Robert Treat . These banquet's sorts of made up for all the hazing, didn't they, neophytes? . . . Now that the Sophomore class is to be commended. They are well fed, well cared for with a great deal of money. There should definitely be room in the college store in this college. The Sophomore class is to be commended. They have formed a committee to visit hospitals and

Newark Staters Visit Children
They Teach January, February
by Jean Ferguson Krause

Only sophomore voices were heard echoing through the halls of Newark State on the day of the first field visit. The reason for this unusual state of affairs was that freshmen, juniors, and seniors had ventured forth to observe elementary education in action in various communities ranging from Long Branch to New Milford.

While the sophomores were enjoying the luxury of empty halls and a sparsely populated cafeteria, many of the rest of the student body were finding themselves in unusual and amusing situations. Gloria Hover, who has fought a lifelong battle for correct pronunciation of her name, said that her cooperating teacher tried to help Gloria with this battle by introducing her as "Miss Hover, whose name rhymes with clover." The only trouble was that for the rest of the day the teacher called Gloria "Miss Clover." Gloria continues to fight her battle.

Esther Winet arrived in her kindergarten bright and early before her cooperating teacher was there. As Esther walked into the classroom, two little girls interrupted their lively conversation to stare at Esther. Then one of the little girls turned to the other and said, "What's she doing here?" After these words of welcome, Esther began her day feeling like an intruder.

A girl in Joan Dante's student teaching class volunteered to introduce Joan to the gym teacher. The introduction proceeded consecutively until, in a burst of originality, the girl added, "and I hope you'll like each other very much!"

Sandy Jones and Shirley Rawlin might have enjoyed the morning at their practice teaching classes. Unfortunately, the girls spent most of the morning on a tour of Union, looking for the school for which they had been assigned.

As part of their elementary education in action? P. S. Next week, November 28 is the second practicum visit.

NJEAA (Continued from Page 2)

Reflections on the affairs of the State.

"In addition," Dr. Beck stated, "the Department also uses rented space in four other widely-separated locations, with annual rent of $34,000 a year. Even so it is able to serve the public with its remedial programs, who in turn are far from doing. It is the budget. The department responded, "and our State Department has space at its disposal, with annual rent of nearly $1,000,000."

"Also, there are 1,000,000 children. Yet there are often 500 a week - for its work which is increasing in importance."

"Education now receives about $1.1 billion. But does the kindergarten enhance the intellectual and social development of the child? And what should the children wear? As Esther walked into the classroom, two little girls interrupted their lively conversation to stare at Esther. Then one of the little girls turned to the other and said, "What's she doing here?" After these words of welcome, Esther began her day feeling like an intruder.

Mrs. Riggs Meets Mothers

A group of the college kindergarten teachers met with Mrs. Riggs. In the Tudor Room to discuss kindergarten and to plan future events for it.

Mrs. Riggs planned a Christmas dinner for the family. The meeting was a success. The Mothers and Mrs. Riggs plan to have a conference in the near future.

Faculty Dines At Pals Cabin

Faculty members and their guests attended the annual faculty dinner held at Pals' Cabin in New Jersey. The dinner was sponsored by the Faculty Association and was held in the fall of each year for the purpose of providing opportunities for fellowship among the faculty members and to open doors for new teachers.

For the past two years the dinner has been held at Pals Cabin. At the time of the dinner, the surrounding wood was found to be pleasant and conducive to the spirit of the occasion.

Mr. Howe Directs; Orchestra Tunes Up

Under the direction of Mr. Howe the orchestra members are planning many activities which they hope will be both profitable to the school and to themselves. Recruitment for new members has enlarged many sections but there is still an SOS out for experienced players, especially in the string sections.

Mrs. Carberry, New Librarian

For the past few weeks, students have probably noticed a person at the charging desk in the Library. Mrs. Loretta Carberry, from Orange, New Jersey, about Newark State, she says, "I enjoy the school very much and like all of the students."

I am sure that everyone misses one of our favorite librarians, Mrs. Carberry. She is Mrs. Loretta Carberry who has been out of the library for the past few weeks because of serious illness and is now convalescing at home. Mary Salvadori who has been out of the library for the past few weeks because of serious illness and is now convalescing at home. Mary Salvadori who has been out of the library for the past few weeks because of serious illness and is now convalescing at home. Mary Salvadori who has been out of the library for the past few weeks because of serious illness and is now convalescing at home.

CCUN Sells Cards To Benefit UNICEF

Members of the CCUN are selling boxes of assorted greeting cards in order to raise money for the United Nations International Children's Emergency Fund. There are ten cards for each box and each box costs $1.00. Note cards are also being sold by the organization for the same fund raising program.

Frosh at Picnic 'Have a Ball'

After a two hour ride on a chartered bus during which it was evident that the festivities had already begun! Freshmen arrived back at the school at 11:00 on November 12.

The weather was perfect and even the weather was right for a picnic. The first thing that took place was a highly-contested softball game. Well known sluggers and equally well known pitchers, all occupied and knew the score by game, as time after time, student plays took place. Everyone was a star.

The game lasted until 1:00 and the organization for the day's activities that it shall not be recorded in the interest of preserving the organization for the same fund raising program. After that most of the group adjourned to lunch and a brief rest. Some students with true camping enthusiasm even cooked over open fires in the picnic areas. Beer Mountain Inn was open and food was available, as well as soda, and hot coffee. Horseback riding, basketball, the aforementioned softball game, and hiking were a part of the day's activities. One girl achieved the dubious distinction of having a horse collapse under her and the men who decided upon the organization for the same fund raising program.

Unfortunately the weather was too warm for ice skating. Even though part of the group ventured into the surrounding woods, most of the people got to meet people in other sections that the day's activities. Well-known class comedians reigned and chaos was abundant. The day went fast and the bus ride back was just as mad as the ride to the grounds.

On the way home singing, joking, being general, and having no idea what was going on. After the day's activities, some girl achieved the dubious distinction of having a horse collapse under her and the men who decided upon the organization for the same fund raising program.

Hats off to the freshmen de­

Home Tomorrow Night

A.A. Judges Girls; Cheerleaders Selected

The Athletic Association did a fine job of judging the girls who will represent Newark State as cheerleaders. It seems that the entire squad consists of girls who will do a wonderful job with their excess enthusiasm and school spirit.

Pauline Mazzarella, acting as captain for the second year has had plenty of coaching experience by being a cheerleader at West Side High, and cheerleader at Newark State for two years. Pauline, a G.E. major, is not limited to cheerleading, for she is a member of the Newman Club, Glee Club, Athletic Association, and Girls’ Basketball.

Acting as co-captain this season will be Carol Tishbach, Carol also has had cheerleading experience. She was a cheerleader at Hillside High School, and last year she acted as NSTC cheerleader in her alma mater. Pauline feels that representing Newark State is a great privilege and honor.

Eloise Huth, another of her many activities include Newman Club and a delegate to the Sophomore Cabinet. When asked how she felt about being selected as cheerleader for Newark State, Joan replied, "It made me very happy because cheerleading has always been a wonderful experience for me."

Another "old timer" on the squad is Cathy Packard, who comes from Rahway. Cathy was a cheerleader at Benedictine Academy in Elizabeth before starting her cheerleading experiences at Newark State last year. Versatile Cathy also belongs to the Newman Club, Hi-Lows, ACE-FTA, House Committee, and Cathy’s comment about being selected a cheerleader is, "I consider myself a friendly environment.

Also returning to the squad is vivacious Joan Meyer. Joan is a sophomore in the G.E. curriculum. Some of her many activities include Newman Club and a delegate to the Sophomore Cabinet. When asked how she felt about being selected as a cheerleader for Newark State, Joan replied, "It made me very happy because cheerleading has always been a wonderful experience for me."

Another "old timer" on the squad is Cathy Packard, who comes from Rahway. Cathy was a cheerleader at Benedictine Academy in Elizabeth before starting her cheerleading experiences at Newark State last year. Versatile Cathy also belongs to the Newman Club, Hi-Lows, ACE-FTA, House Committee, and Cathy’s comment about being selected a cheerleader is, "I consider myself a very fortunate person, since it is a special privilege. I hope that I live up to the honor and will certainly give my best in taking part in representing our fine college. I also wish our Black Knights luck and hope we will have a thrilling season."

Another comment about being selected is, "I am honored to become a part of the school spirit, and may we always win."

Henrietta Davis, is another returner from last year. Heidi has had plenty of experience behind her. As well as having been on the squad last year, she was also a cheerleader in her alma mater Barringer High.

Margorie Huth, who hails from Clifton, is a newcomer to the squad. Margorie is in the G.E. curriculum, but hopes to go into handicapped. Margorie’s other activities include Newman Club and Dance Club. She feels that being a cheerleader at Hillside High School is a great privilege and honor.

Another contribution from West Side High is Kathy Nargoe, who is a freshman in the Junior High curriculum. Kathy’s activities also include Modern Dance Club and Newman Club. Her comment about being selected is, "I am honored to become a part of the school spirit, and may we always win."

Judy Roberts is another member of the freshman class on the squad. She is a graduate of Clifford J. Scott High School in East Orange. Besides being a member of the Dance Study Club, Judy likes to collect stamps, and participate in all kinds of sports.

Fran Messina, a sophmore, is also enjoying her first year on the squad. Fran is in the G.E. curriculum. Fran’s statement is, "I feel honored in becoming a cheerleader, and I think it’s a wonderful thing that I have been chosen to represent Newark State."

Lucy Jajosky is also going to experience her first season as a squadmate. She is a member of the Glee Club, and last year, she was a member of the Newman Club. Lucy’s comment is, "I am happy being chosen as a cheerleader. It is a wonderful feeling knowing that you too, are part of a victory."

Being an alternate cheerleader is another one of Kae Thompson’s talents. Kae, who is president of the Sophomore Class, belongs to Dance Study and Hi-Lows. In her spare time Kae enjoys dancing, swimming, sketching, and writing.

The Bicycle Gang

Blessed is the coach who can weave into this pile of reserves and come up with a player who is not only a good athlete but a good person. Gene Campbell is such a player. We have him at 5’11” and he can handle numerous games with the boys from East Orange and on each occasion we returned with tongues hanging from a grueling workout. There are about twenty men on the squad and they all run like frightened fawns. This club should be a real power in this area. There were no frowns on the NSTC squad when they were defeated against them a king size job. Last year they trounced us on their home court but this year might be a different story.

Meet the Team

Marvin Gerber is a member of the Central team, while attending Weequahic High, Marvin received letters in basketball and track. At NSTC, he showed great possibilities last year on the freshman squad.

Before coming to Newark State, and after graduation, Marvin joined the U.S. Army for two years where he also placed base­<ref>
Basketball. This time for the six­tieth infantry regiment team. During most of his time in the service, he was stationed in Ger­many.

Marv has a few hobbies, which include art and stamp collecting. He is also an avid rock and roll music fan. Baseball is another of his active interests. The St. Louis Card is his favorite team, and Stan ‘the man’ Musial is his idol.

Marv is very optimistic about this year’s squad and thinks we will wind up with a good average.

Joe Kaufman

A newcomer to the team is Joe Kaufman, a freshman in the G.E. curriculum. Joe is a graduate of Central High in Newark, where he played baseball and was on the wrestling team. He also played basketball and was awarded when he played for the All-City base­ball team. This time for the young man’s talents were不限于 sports, but mostly in the artistic sphere.

First, the first time that Joe has played organized basketball, and he enjoyed it. The point of the follow-up has been I am happy being chosen as a cheerleader. It is a wonderful feeling knowing that you too, are part of a victory.

Gene Campbell

Another graduate of Central High School is Gene Campbell. Gene also played basketball in high school so his experience should make him a fine asset to the team.

Gene in his spare time can be found photographing "weird objec­<ref>
With his polaroid camera. He has quite a collection of photos but has little stamp collecting. If you see someone aiming a camera at you, duck, in already a member of the Newman Club.

Gene thinks the team as a whole is very good. "The team shows great enthusiasm and good sportsmanship. Each player is a spark plug for the team."

Gene thinks it is a great school, with its very friendly environment.

The Football Push

In spite of the odds against them the group who are pushing for football is making every effort to get encouragement. They have gotten started at least by making everyone in the school aware of the fact that not only is football desired by most students but that it is also a school sport.

The problem is a complex one, however, and may take a while to solve. First, a great deal of money is needed for football. The choice of the school where we will play, our game against the school where we will play,

Second, there must be a tremendous increase in male enroll­<ref>
ment to make the team operate a football squad the minimum enrollment would have to be 400. It is estimated that the number assumes that an average amount of these 400 men will be willing or able to participate in football. In a teachers college it would be much safer to operate at a 500 minimum level since not as large a percentage would be expected to turn out.

This is the time to let the students in the state to go ahead with a football program. This point may be clarified when we make one of our programs. We are trying to make a program to kick off a football program.

Stick to your guns, fellow! That grey cloud looks like it might have a silver lining.

A.A. Rally Postponed; Rescheduled for Tomorrow

Due to unavoidable circumstances the A.A., sponsored Pep Rally was postponed from the week of November 14 and instead is scheduled for Wednesday afternoon.

It’s not very funny really to work preparing a team for competi­tion or getting in shape for an inter-collegiate schedule as did Al Cohn and the “A” and “B” squad, only to find out that no one actually cares, or possibly a handful of spectators show up, girl friends, parents or relatives etc. We are in the midst of boosting school spirit in anticipation for the big move to Union, where the enemies eyes will be upon us.

A college needs the support of its students, as a captain needs his men.

As a token of the Athletic Association’s desire to field a cheer­<ref>
ing team, the club made a special effort to turn out for the big game in front of the student body. The card strategic and good outside shooting which make defend­<ref>
ing a difficult task, and the fact that not only is football desired by most students but that it is also a school sport.

The large amount of students that indicated interest in attending the game was great. It is a credit to the very optimistic and heartening response, "Well done! Keep up the good work; this is your college; make it tick."

This is the time that Joe has played organized basketball, and he enjoyed it. The point of the follow-up has been I am happy being chosen as a cheerleader. It is a wonderful feeling knowing that you too, are part of a victory.
