The Office of Student Government provides quality services to enhance the student life on campus. We develop strong student leaders through a wide array of opportunities for personal and professional development. Through the two student government bodies at Kean University, Student Organization and Graduate and Part-time Student Council, the voices of the students are heard.

**Our Values**

By providing diverse student-led programming, we demonstrate our commitment to retaining students, enriching student life and creating meaningful out of the classroom learning experiences. Through student representation on various University committees, we build a community by working with students, faculty and administration to enhance the quality of campus life.

## **Our Vision**

To provide and develop quality services to all Kean University campuses incorporating leadership opportunities, professional and personal development, and diversified programming.
