Online Training Ethics

Abstract

How do I verify completion of on-line ethics training?

At the end of each training module, there is a form that State Employees and Special State Officers must fill out to verify training completion. State Employees should use their work e-mail address when filling out the form.

After filling out the form, receipts for completion of each module will be sent to the e-mail address used for registration.

State Employees and Special State Officers should forward a copy of the e-mail receipts to their Ethics Liaison Officer and keep a copy for their records to verify successful completion of the ethics training program.
