General Education Program

All undergraduate degree programs at Kean University have a General Education (GE) component. Through GE coursework, students in all majors have common educational experiences and opportunities to acquire and develop the skills, habits of mind, and values associated with a broad liberal arts and sciences education to support students in their pursuit of an academic major and career.

Kean’s General Education Program has three major components:

- The Foundations Requirements (13 credits)
- The Disciplinary/Interdisciplinary Distribution Requirements (typically 30-32 credits for B.A. degree programs and 19 credits for B.S., B.M., B.F.A., and B.I.D. degrees)
- The Capstone (3 credits)

Key: I-Introduced
